

## Presentation of CEO Report – Issue 69

---

### **Question from Councillor Voss**

In relation to new dumped rubbish protocols, have you had people come to you and explain where the rubbish has come from?

### **Response**

So far we have had two instances of dumping meeting the criteria for the trial process (over 4m<sup>3</sup> and not posing a safety risk) which have been located in South Melbourne and Port Melbourne. The waste was taped at both sites and signage installed. In both instances occupants of a neighbouring property contacted Local Laws and identified the offenders, who then retrieved all of the waste. We anticipate more opportunities to deploy the new trial process and materials as summer approaches.

*\*Please note: answers to any questions in Public Question Time which were answered at the meeting are included in the minutes of that meeting.*
