20/05/2020	Councillor Question Time	Cr Pearl on behalf of resident: Ms Rudyk	<p>The flood lights at Lagoon Reserve in Port Melbourne have recently been switched on to provide light protection to dog walkers and park users after dark. However, this also causes a large amount of direct light pollution to the adjacent properties causing a large amount of distress to residents. Can council officers please provide the details of our plans to remediate this light pollution?</p> <p>Lachlan Johnson, General Manager Infrastructure and Amenity, advised that funds are allocated to addressing the lighting issues at Lagoon Reserve and took the question on notice to provide further detail.</p>	Yes	<a href="http://www.portphillip.vic.gov.au/QON%20-%20Lagoon%20Reserve%20Lighting%20Cr%20Pearl-%2020%20May.pdf">http://www.portphillip.vic.gov.au/QON%20-%20Lagoon%20Reserve%20Lighting%20Cr%20Pearl-%2020%20May.pdf</a>
27/05/2020	Public Question Time	Stephen Kirby	<p>I am an owner of a property on Ingles St Port Melbourne since 2011. The building is deemed extreme heritage overlay originally constructed in 1900 as a bakery. The proposed extension at 110 Ingles St is the single greatest change to this landscape in 120 years, and overshadows my private courtyard from 12pm-3pm as well as my kitchen's glass ceiling. Being my private living space receives less than 5 hours' direct sunlight, why has council permitted a building to further overshadow it and not in compliance of A14 of the building code? Will council address this urgently?</p> <p>George Borg, Manager City Development, advised that he would take the question on notice and advised that Council is dealing with the matter urgently with a meeting scheduled to occur on Thursday 28 May with Mr Kirby.</p>	Yes	<a href="http://www.portphillip.vic.gov.au/QON%20-%20Stephen%20Kirby%20-%20Ingles%20Street.pdf">http://www.portphillip.vic.gov.au/QON%20-%20Stephen%20Kirby%20-%20Ingles%20Street.pdf</a>

3/06/2020	15.1 NOM -BV-Sale of 8 York Street St Kilda West	Cr Crawford	<p>Councillor Crawford - . Given the amount of research that has occurred with children's services, can Officers confirm that there are already enough facilities around the area that can provide for Children?</p> <p>Tony Keenan, General Manager Community and Economic Development, advised that he understood the future demand for services in that area to be low but took the question on notice for further response.</p>	Yes	<a href="http://www.portphillip.vic.gov.au/Question%20on%20Notice%20-%20Cr%20Crawford.pdf">http://www.portphillip.vic.gov.au/Question%20on%20Notice%20-%20Cr%20Crawford.pdf</a>
24/06/2020	Councillor Question Time	Cr Pearl	<p>Councillor Pearl stated that he had been contacted by a number of residents who have placed signs on their properties in relation to Councils budget position. Local Laws Officers have visited their properties to inform them that were liable for a \$800 fine if they did not remove the signs immediately as they did not have a planning permit under the heritage provisions of our planning regulations. Residents were unable to get confirmation from the local laws officer under which section of the act the offence would be charged. The signs are approximately 60cmx40cm and are of an educational nature. My reading of the Planning Scheme paragraph 52.5-10 indicates that the sign does not require a permit. Can officers please inform Council of the exact details of what permit is required for these signs to be temporarily installed at properties across the City under any one of the Councils planning schemes</p>	Yes	<a href="http://www.portphillip.vic.gov.au/QON%20-%20Cr%20Pearl%20-%20Budget%20signage.pdf">http://www.portphillip.vic.gov.au/QON%20-%20Cr%20Pearl%20-%20Budget%20signage.pdf</a>
