Since 1999, Andy Cowan has released seven albums through ABC/Universal Music to glowing reviews. He represented Australia in Memphis USA at the International Blues Convention and received an ARIA Nomination for his CD "10.30 Thursdays", whilst "One of These Days" was voted Blues Album of the Year. For this show, Andy is joined by Jimmie Sloggett, from Max Merrit and the Meteors. Jimmie's musicianship and sax-playing is sometimes-gentle, sometimes-raucus, always sensitive.

A perfect accompaniment to the rolling, tumbling fingers of Andy Cowan.
