Prepared for the City of Port Phillip by Andrew Ward, Architectural Historian
1. Introduction

1.1 Port Phillip Heritage Review

The initial Review of the cultural heritage of the City of Port Phillip was commissioned in October, 1996. The consultant team was lead by Andrew Ward, architectural historian and supported by Francine Gilfedder, horticulturalist and garden historian. Data base management and map generation was undertaken by Ian Perry of Big Picture Software Pty. Ltd. and research assistance was provided by Jenny Dalrymple of Andrew Ward’s office. The project was directed by Jim Holdsworth, manager, Urban Design and Strategic Planning at the City of Port Phillip and he was assisted during the early stages of the Study by Peter Boyle, architect, as project officer.

The project was undertaken simultaneously with the City of Port Phillip Urban Character Study and a joint project steering committee was established to give support to the consultant teams. The membership of the committee was as follows:

- Councillor Dick Gross (chair),
- Councillor Pat Browne,
- Councillor Liz Johnstone
- Jim Holdsworth, manager Urban Design and Strategic Planning,
- David Spokes, general manager, Community Planning,
- Steve Dunn, manager Business and Industry,
- Geoff Austin, Department of Infrastructure,
- Dale Wardlaw, Department of Infrastructure,
- Kim Dovey, University of Melbourne,
- Lyn Harrison, community representative,
- Adair Bunnett, community representative,
- Andrew Heslop, community representative, and
- David Brand, community representative.

The support of the members of this committee throughout the course of the Study is acknowledged with thanks, their knowledge of the Municipality, their expertise and commitment to the task being highly valued.

---

1 The Port Phillip Heritage Review (Version 2) was gazetted as a part of Amendment C5 to the Port Phillip Planning Scheme in December 2000.
The City of Port Phillip, having been formed by the amalgamation of the Cities of Port Melbourne, South Melbourne and St. Kilda, had inherited several urban conservation studies. They had been prepared at different times, commencing in 1975 and using different criteria for the evaluation of the significance of places. Furthermore, the municipal boundaries represented discontinuities in the identified urban conservation areas, placing the integrity of the new City’s conservation strategy at risk. The studies were as follows:

- Yuncken Freeman Ashton Wilson: South Melbourne Conservation Study (1975),
- Jacobs Lewis Vines: Port Melbourne Conservation Study (1979),
- Allom Lovell Sanderson Pty. Ltd.: South Melbourne Conservation Study (1987),
- Nigel Lewis and Associates: St. Kilda Conservation Study Area 1 (1982),
- David Bick: St. Kilda Conservation Study Area 2 (1985),
- Robert Peck von Hartel Trethowan with Henshall Hansen Associates: City of St. Kilda Twentieth Century Architectural Study (1992), and

1.2 Updating the Port Phillip Heritage Review

Since the gazettal of the original Port Phillip Heritage Review in 2000, additional assessments of places and areas of heritage significance have been completed. The following heritage studies were commissioned:

- Heritage Alliance: East St Kilda Heritage Study (2004)
- Heritage Alliance: Nightingale Street Heritage Study (2008)

The resultant findings have been included in the Port Phillip Heritage Review through the Planning Scheme Amendment process.²

The assessment framework used in each of the above heritage assessments is based upon the framework developed by Andrew Ward as outlined in the following chapters.

² The Port Phillip Heritage Review is an incorporated document in the Port Phillip Planning Scheme. Planning Scheme Amendments C24, C29, C32, C46, C52, C54, C70, C72, C74, C89 and C103 enabled new information on heritage places and heritage areas within the municipality to be included in the Port Phillip Heritage Review.
