Business message	<p>Elegant Slax is a 30 year old family business specialising exclusively in personalised traditional mens tailoring, made-to-measure clothing and casual wear. All suiting is made from an extensive range of quality fabrics which</p> <p>can be tailored to accommodate any size or style preference. Moreover, a broad range of accessories is available including ties, belts, socks, underwear and a wide range of budget to top-of-the-range business and casual shirts.</p>	
Energy	<p>George has the potential to reduce electricity use at Elegant Slax by 36%! Lighting is the major contributor and can be improved by changing the current tube fluorescents to the more efficient quad phosphor tubes and reducing the number of tubes by half.</p> <p>To maximise energy use in other areas of the business George should ensure:</p> <ul style="list-style-type: none"> • All electrical equipment is unplugged at the wall when not in use as equipment still draws power in standby mode • Turn computer screens off when away from them for more than 10 minutes • Reduce hot water use by taking shorter showers and washing clothes in cold water 	
Rubbish and recycling	<p>At Elegant Slax a concerted effort is made to recycle cardboard, glass and plastic – including plastic packaging which is great!</p> <p>With a residence attached to the shop George may wish to further reduce the general waste stream by using a worm farm for organic waste. The liquid and solid fertiliser produced can then be used in the garden.</p>
