

# Applications invited

The City of Port Phillip is seeking applications for two new voluntary positions on its Liardet St Family & Children's Centre Steering Committee. The Steering Committee provides guidance to council on the design and configuration of a new family and children's centre at the corner of Esplanade West and Liardet Streets Port Melbourne.

The new members will represent the broader community interest in this site and what this new facility means for the local community, now and into the future.

Services that will be located on the site include kindergarten, long day care, maternal and child health and playgroups. Lady Forster Kindergarten, Albert Park College Childcare Centre, playgroups and maternal & child health have membership on the Steering Committee.

Council seeks community members who have had no direct interest over the past five years with the services proposed for the centre. Meetings will be held approximately on a monthly basis while the design process is underway.

Applicants should apply in writing, advising in 100 words or less why they are interested in sitting on the Committee, detailing any relevant skills and experience. Applications should be addressed to Greg Wood, Manager Community Services, Private Bag 3, St Kilda 3182 or via email [gwood@portphillip.vic.gov.au](mailto:gwood@portphillip.vic.gov.au).

Applicants may be required to attend an interview before an appointment is made.

Applications close 3 June 2009.
