

YOUTUBE film project

The YouTube Film Project is an exciting new project for people with disabilities

During 4 workshops in the January 2011 holidays, participants will create and perform in a series of short films

Some of the films will be selected to be shown on **YouTube**

If you like performing and seeing yourself on film, these workshops will be a great fun way to spend time over the holidays

The workshops will be lead by experienced arts facilitators and Rawcus members; Rachel Edwards and Nilgun Guven

Rawcus is an ensemble of performers with and without disabilities. Rawcus is about achieving something together...about challenge...about making space for unexpected things to happen. These workshops are part of Rawcus' community outreach program
