

Name red dog 3

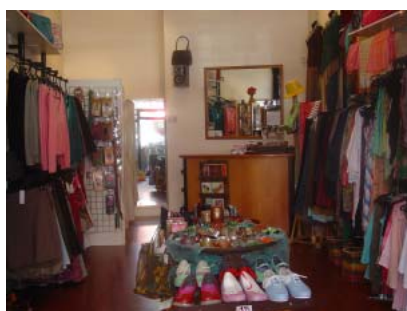

Where 13 Ormond Rd, Elwood
Ph 9525 7849

Proprietors Megan Potter and Craig Beeby

Business message Established in 1997, this true Elwood treasure is a boutique with an eclectic mix of women's clothing and accessories to suit a diverse range of ages and budgets.

Energy Despite red dog 3 having one of the lowest electricity bills, savings of 42% are still possible! Currently, the store is on a flat electricity rate . By

changing to a peak/off peak electricity tariff, savings of around 25% are possible. The halogen downlights in red dog 3 are already an energy efficient variety - using 30% less energy than a regular 50 watt halogen bulb.

Further energy savings can be made at red dog 3 by:

- changing the 150 watt outside spotlight to a 23 watt compact fluorescent - a saving of 85!
- replacing the energy hungry fan heater with a more efficient variety

Rubbish and recycling red dog 3 has very responsible waste practices, with cardboard and commingle being recycled. Megan and Craig are very concerned about the plastic packaging most of their stock comes wrapped in, which at the moment can't be recycled. Recycled toilet paper and paper bags are also used in the store.
