Council officers' interactions with members of the public during patrols	80	90	70
Offers made to refer people sleeping rough to support services	5	3	1
Joint patrols undertaken with outreach services	4	4	4
Abandoned clean ups by City Amenity team due to safety concerns	0	0	0

\*The total cubic metres of rubbish removed and syringes removed is a combined amount for the entire St Kilda precinct.

## Rough Sleepers Initiative

\*There are 47 people active on the Port Phillip By Name List (BNL), which is 4 fewer than last month.

Of the 47 people currently active on BNL, 19 were sleeping rough including in squats and vehicles.

The Rough Sleepers Initiative\* has reported 31 distinct contacts with individual people experiencing, or at risk of homelessness, in Port Phillip. Assertive outreach saw 119 contacts made during the reporting period with 57 hours of working with these people.

Council continues to work with partners to support a coordinated response to Rough Sleeping. This has included partnered activities and planning across Housing and Homelessness, City Amenity, Community Health, Indigenous Policy and Police.

We currently have the lowest number of people sleeping rough since starting the project. The active number of people sleeping rough in Port Phillip is 60% lower than February 2021.

\*Data is provided by Launch Housing in October representing the Rough Sleeper Initiative service statistics for the previous month.
