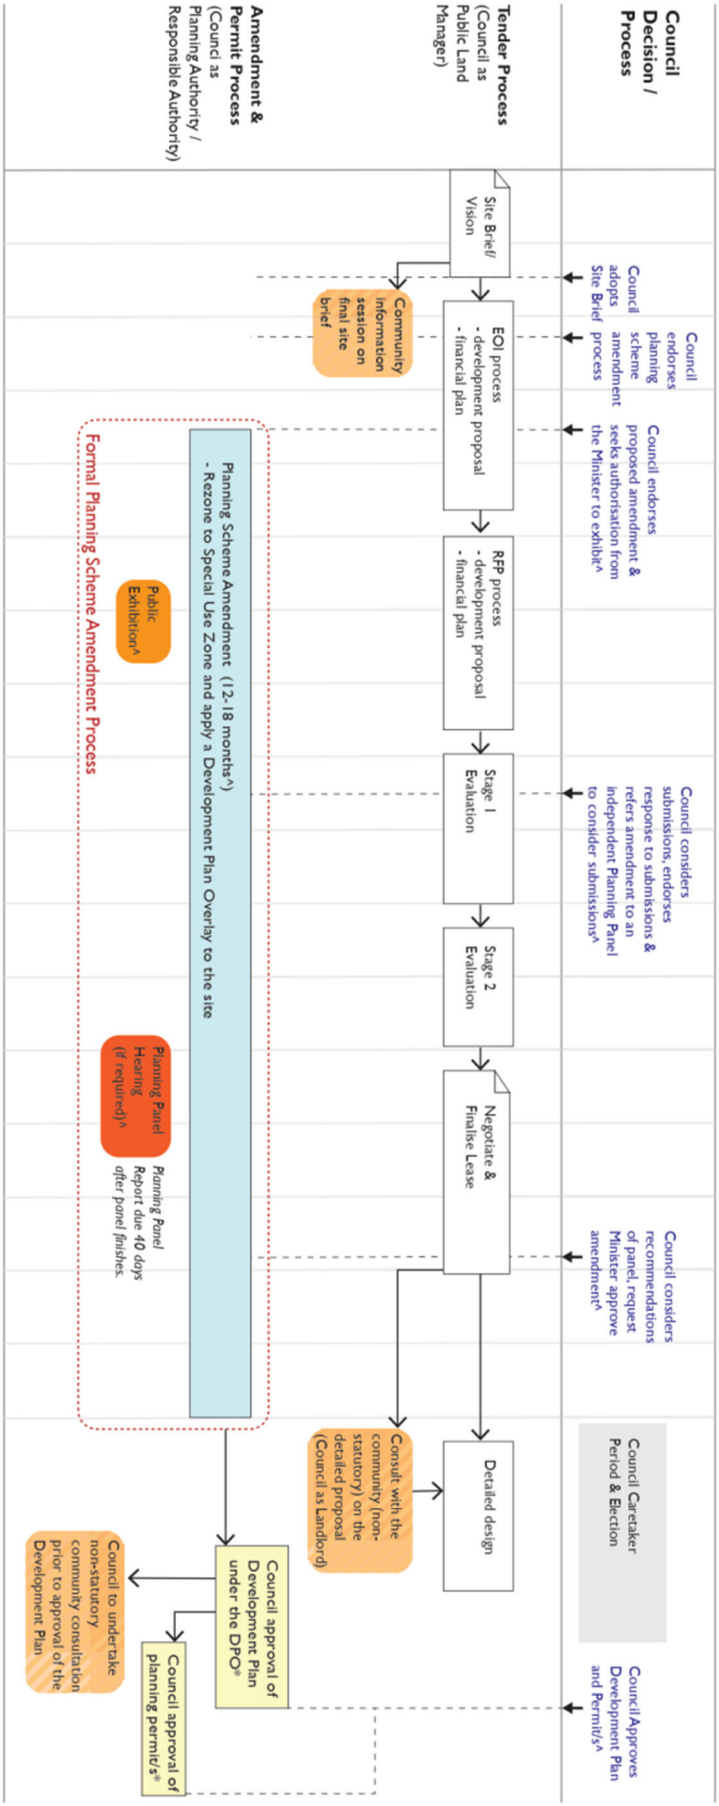
Attachment 3: Attachment 3 - St Kilda Marina - Concurrent planning scheme amendment process timeline

Attachment 1 - St Kilda Marina: Concurrent Planning Scheme Amendment Process



^Timing indicative only. Note: *Planning Scheme Amendment is subject to Ministerial approval. Minister may approve with changes to the planning controls.*

*The key effect of the approval of a development plan is that while planning permits must still be obtained third party rights are removed. That means that when a permit is sought, third parties are not required to be notified. Furthermore, if a permit is issued, there are no rights of review to VCAT by third parties.
