

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|--|--|
| 18-001 | Budget 2017/18 | Junction Area Action Group (JAAG) St Kilda | Wellington St laneway - street lighting | Requests Council to consider installation of street lighting in laneway which runs parallel to Wellington Street and accessed through 106 and 108 Wellington Street for safety reasons. |
| 18-002 | Budget 2017/18 | Red Stitch Windsor | Funding request - Red Stitch | Requests Council contribution to funding two of the company's key programs within the 2017/18 budget: INK new writing program and our graduate program for emerging artists. Also requests Council considering multi-year funding for its key cultural institutions. |
| 18-003 | Budget 2017/18 | Melbourne Fringe | Funding request - Melbourne Fringe Festival 2018 | Requests Council support of \$40,000 to build on existing momentum to increase participation in the arts in the City of Port Phillip for the 2018 Festival through three programs: 1. an Artist Development Program (\$10,000) 2. Partnerships and Cultural Tourism (\$15,000) 3. New Art Commission (\$15,000). |
| 18-004 | Council Plan and Budget 2017/18 | Cars Rule OK Middle Park | Affordable housing | Concludes that it is impractical to provide affordable housing as land is scarce and expensive and suggests using vacant apartments to house lower income tenants. |
| 18-004 | Council Plan and Budget 2017/18 | Cars Rule OK Middle Park | Core responsibilities | Suggests Council keep out of wasteful projects and expenditure and not to duplicate Victorian Government role. |
| 18-004 | Council Plan and Budget 2017/18 | Cars Rule OK Middle Park | Libraries and kindergartens | Notes that although kindergartens and libraries were seen as less important by the community, Council has ignored this result. |
| 18-005 | Council Plan | Latrobe University St Kilda | Council Plan 2017-27 | Requests a hard copy of the document. |
| 18-006 | Council Plan and Budget 2017/18 | Regulating Lines South Melbourne | Neighbourhoods | Requests mentioning "Howe Reserve" in the list of reserves under South Melbourne neighbourhood section of the document. |
| 18-007 | Council Plan | Individual St Kilda | Anti Social Behaviour and Rubbish | Is concerned that Council practices are encouraging anti-social behaviour regarding noise, excessive rubbish and dirty streets and footpaths due to a large intake of back packers and bars to cater for them. |
| 18-008 | Council Plan and Budget 2017/18 | Carbon Cops | Sustainability - energy efficiency | Requests Council to design and run a bulk buy solar program targeting the 14,000 single-unit/owner-occupied homes in the City of Port Phillip to assist in meeting Council's target in the Towards Zero commitment of reducing community emissions by 50% by 2020. |
| 18-009 | Council Plan | Individual St Kilda | St Kilda Marina lease | Concerned that the lease in 2017/18 will be signed off without adequate consultation. |
| 18-010 | Council Plan and Budget 2017/18 | Individual St Kilda | Sustainability - water management | Requests Council funding research and/or implementing a known natural water cleaning system (reed beds, sand filtering, sea grass beds, etc.) between the beaches and stormwater drains to reduce nutrients and bacteria affecting sea water quality and providing environment for biodiversity. |
| 18-011 | Council Plan | Individual St Kilda | Seaside boardwalk | Requests dividing the seaside boardwalk between pedestrians and cyclist for safety reasons. |
| 18-012 | Council Plan | Individual Port Melbourne | Public spaces | Requests Council assign more funding to developing appealing park spaces for all ages and more public sporting facilities such as cricket nets and hybrid football/rugby/soccer goals. |
| 18-013 | Council Plan | ABRISA - Brazilian Association for Social Development and Integration Melbourne | Community spaces | Requests seeing some of the community space upgrades and maximise space so we can achieve greater access for communities. Concerned with the Rescode and the approval of a construction in Montague Street with limited character in mind and not fitting in with the character of the neighbourhood. |
| 18-014 | Council Plan and Budget 2017/18 | Individual St Kilda | Homelessness | Suggests a focus on homelessness is needed in the short-term. |
| 18-014 | Council Plan and Budget 2017/18 | Individual St Kilda | St Kilda Triangle | Concerned that development on the St Kilda Triangle site is not explicitly mentioned in the draft Council Plan, suggesting that nothing will be developed over the next 10 years. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|---|---|
| 18-014 | Council Plan and Budget 2017/18 | Individual St Kilda | Sustainability - greening | Requests allocating budget for projects or planning scheme amendments for green roofs. |
| 18-015 | Budget 2017/18 | Individual St Kilda East | Long day care fees | Objects to the proposed increase in long-care day fees from \$120.50 to \$125 or 3.6 per cent on the basis of affordability and by comparing similar services provided by other council run facilities. |
| 18-016 | Budget 2017/18 | Individual | Long day care fees | Objects to the proposed increase in long-care day fees from \$120.50 to \$125 or 3.6 per cent on the basis of affordability. Questions how Council can justify this increase when CPI rose by 2.1% over 12 months to the March quarter. |
| 18-017 | Budget 2017/18 | Individual | Long day care fees | Objects to the proposed increase in long-care day fees from \$120.50 to \$125 or 3.6 per cent on the basis of affordability. |
| 18-018 | Council Plan | Individual St Kilda | Building application fees | Would like to see a significant charge applied to new building applications, i.e. \$5,000 per apartment and funnelled back into local infrastructure. |
| 18-018 | Council Plan | Individual St Kilda | St Kilda Triangle | Surprised that development on the St Kilda Triangle site is not explicitly mentioned in the draft Council Plan, suggesting that nothing will be developed over the next 10 years. |
| 18-019 | Council Plan | Individual St Kilda | St Kilda projects | Disappointed with what has been represented in the summary of highlights as investment in St Kilda in 2017/18. Would like to see initiatives to improve pavements, improve the amenity in Fitzroy Street, addressing increased homelessness and beggars and more regular beach cleaning. |
| 18-020 | Budget 2017/18 | Individual St Kilda | Long day care fees | Objects to the proposed increase in long-care day fees from \$120.50 to \$125 or 3.6 per cent on the basis of affordability. |
| 18-021 | Council Plan | Individual Port Melbourne | Cruise ship terminal surrounds | Disappointed with the foreshore vegetation and lack of amenity that immediately surrounds the cruise ship terminal. Requests either through lobbying or as part of the Beach Street project, beautification with grasslands, barbecues, tables and seating. |
| 18-022 | Council Plan | Individual Melbourne | St Kilda road | Disappointed that there is a very limited number of projects in the St Kilda Road neighbourhood and questions where the vision for the neighbourhood is. |
| 18-023 | Council Plan | Elwood Floods Action Group Elwood | Sustainability - flood protection | Requests increased expenditure on flood protections specifically prioritising expenditure on drains, over impervious pavement and road surfaces. More specifically: <ul style="list-style-type: none"> • A complete moratorium of hard surfacing take place in favour of drainage location, maintenance and renewal until such time that permeable paving can be investigated • All major drainage upgrades be prioritised • That Council's 100 local drainage-flooding trouble spots be attended to within the term of this Council • That all park and reserves upgrades include elements of WSUD bio-retention /stormwater detention • Lowering of bluestone laneways as a flood mitigation measure in Elwood • Apply all Canal Management 2003 and Water Plan 2010 actions to address Elwood Canal's current state of neglect • Make a specific list of flood management framework documents publicly accessible • Planned, regular street cleaning and drain clearance • Concern that the drainage renewals in Tennyson/Byron street corner, Broadway/Canal, Broadway/Meredith Street corners, Clark Reserve and Lawson Street laneway have not been implemented • Undertake a review of all drainage in particular recent upgrades to determine effectiveness • Renew flood zone mapping to reflect actual extent of flooding in Elwood. |
| 18-024 | Council Plan and Budget 2017/18 | Friends of Suai, Covalima South Melbourne | Funding request - Friends of Suai/ Covalima program | Requests Council continue current level of budget support for the Friends of Suai / Covalima Program. |
| 18-025 | Council Plan | Individual | Sustainability - community targets | Commends the Sustainability commitments in the draft plan, but is disappointed that there are no targets for a zero-carbon community. Requests a range of initiatives to be included in Council Plan including: upgrading all Council building not yet upgrade, negotiating Power Purchase Agreements and creating a Port Phillip Energy Foundation (the full list is included in the submission). The submission was put up as a petition and has 10 additional comments. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--|------------------------------------|---|
| 18-026 | Council Plan | Individual St Kilda | Sustainability - energy efficiency | Requests, as a way of adequately addressing the issue of climate change, including plans for Council-run production and distribution of renewable energy, including offering cost reduced electricity to residents who cannot afford the cost of private decentralised production of renewable energy. |
| 18-027 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-028 | Council Plan and Budget 2017/18 | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-029 | Council Plan and Budget 2017/18 | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. Requests utilising and engaging this area into the future allocating funds to improve and enhance the Reserve. |
| 18-030 | Council Plan | Individual Port Melbourne | Gasworks Arts Park | Would like access to the park for Albert Park College kids Saturday lunch time break. |
| 18-031 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-032 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-033 | Budget 2017/18 | Port Melbourne Netball Club Albert Park | RF Julier Reserve | Thanks the Mayor and Councillors for their support and advocacy and for including funds in the Budget 2016/17 for the resurfacing of the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-034 | Council Plan | Individual Port Melbourne | Sustainability - community targets | States that climate change needs to be fought across all levels of government, with local government doing more to work towards reducing carbon emissions. Would like to see our councillors doing more to reduce community carbon emissions to make Port Melbourne's air and environment as beautiful as its beaches. Requests including a reduction in community emissions. |
| 18-035 | Council Plan | Port Melbourne Netball Club Albert Park | RF Julier Reserve | Thanks the Council for providing funding to upgrade the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-036 | Council Plan | Individual St Kilda | Sustainability - energy efficiency | Urges Council to set targets for a zero-carbon community in Port Phillip. Such an initiative will save Council money through reduced energy consumption and by obtaining our power from renewable sources which are on a steady trend to beating fossil fuels on price for electricity. |
| 18-037 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Council for providing funding to upgrade the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-038 | Council Plan | Individual St Kilda | Sustainability - community targets | Requests Council to set targets for a zero-carbon community in Port Phillip. |
| 18-039 | Council Plan | Inner South Community Health South Melbourne | Strategic Directions | Would like to enrich Strategic Direction 1 by including reference to communication efforts (linguistic, special technology for physical constraints) and understanding of cultures and experiences. |
| 18-040 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Council for providing funding to upgrade the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |
| 18-041 | Council Plan | Port Melbourne Netball Club Port Melbourne | RF Julier Reserve | Thanks the Council for providing funding to upgrade the netball courts at RF Julier Reserve. Also thanks staff for time and effort in dealing with the club and its requirements. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--------------------------------|--|---|
| 18-042 | Council Plan and Budget 2017/18 | Individual St Kilda | Sustainability - community targets | Endorses increasingly ambitious Council and community targets for emissions reduction, waste to landfill, biodiversity protection and water efficiency. |
| 18-043 | Budget 2017/18 | Gasworks Arts Inc. Albert Park | Gasworks Arts Park | Requests that the funding of the replacement seating be brought forward to 2017/18 to greatly enhance the reopening of the theatre and reinforce, in the minds of the public, the generosity of the work that Council has done on the theatre buildings. Also requests a change to the terms of the repayment scheme by excluding interest. |
| 18-044 | Council Plan and Budget 2017/18 | Individual Elwood | Sustainability - EcoCentre redevelopment | Thanks Council for supporting the work of the EcoCentre by including a \$3.2m capital commitment toward redevelopment. Encourages Council to continue to support EcoCentre initiatives and this long-standing and successful partnership. |
| 18-045 | Council Plan | Individual Melbourne | Sustainability - community targets | Endorses increasingly ambitious Council and community targets for emissions reduction, waste to landfill, clean stormwater flow to receiving waters, biodiversity protection and water efficiency. |
| 18-046 | Council Plan and Budget 2017/18 | Individual St Kilda | Acland Plaza | Requests more greening and shade for Acland Plaza. |
| 18-046 | Council Plan and Budget 2017/18 | Individual St Kilda | Fishermans Bend | Queries the level of investment in Fishermans Bend and asks for a breakdown of expenditure relative to projected rate income. |
| 18-046 | Council Plan and Budget 2017/18 | Individual St Kilda | Foreshore | Requests shade facilities along the foreshore. |
| 18-046 | Council Plan and Budget 2017/18 | Individual St Kilda | Portfolio selection | Requests information on process for selecting, monitoring and evaluating projects. |
| 18-046 | Council Plan and Budget 2017/18 | Individual St Kilda | St Kilda Marina lease | Asks the process of consultation for new St Kilda Marina lease. |
| 18-047 | Council Plan | Everyage St Kilda | Strategic Directions | Supports inclusion of affordable housing in Strategic Direction 1 and asks Council to consider all the measurable ways, regardless of income, that suitable housing could be enabled in the city, including any new premises that are built to facilitate ageing in place, support of renovations that assist people to age in place and oversight processes to encourage people to downsize. |
| 18-047 | Council Plan | Everyage St Kilda | Strategic Directions | Believes that that streets be designed, including crossings with longer crossing times, for pedestrians, to allow people with all levels of mobility to move about the city. |
| 18-047 | Council Plan | Everyage St Kilda | Strategic Directions | Believes neighbourhoods need to have supportive services, such as schools, health clinics, public transport, adequate parking and range of commercial and retail outlets so that neighbourhoods can be accessible and pleasant, rather than suffering from empty premises as we see in various places around the city. The need for services as well as residential buildings in Fisherman's Bend is of particular concern. |
| 18-048 | Council Plan and Budget 2017/18 | Individual Port Melbourne | RF Julier Reserve | Wants to acknowledge support in improving netball courts at JR Fuller Reserve and Council's continued role in improving facilities to make netball sport accessible to all. |
| 18-049 | Council Plan | Individual St Kilda | Organisational Performance | Not trustful of one of the outcomes indicator for Strategic Direction 1: resident satisfaction that Port Phillip is a welcoming and supportive community for everyone. |
| 18-049 | Council Plan | Individual St Kilda | Planning provisions | Would like to know if planning laws can dictate the extent of change in private gardens - for example, whether neighbours can object to the removal of mature and shady trees to be replaced by tall shrubs, even if proposed removed trees are not deemed to be 'heritage'. |
| 18-049 | Council Plan | Individual St Kilda | Sustainability - community targets | Encouraged by the proposed work to establish, by 2018, a baseline for municipal greenhouse gas emissions and looks forward to an early announcement of targets out to 2027. Notes the present measure of 'resident satisfaction with making Port Phillip more environmentally sustainable' might fairly be regarded as a measure of public complacency. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|-----------------|---------------------------|---|--|
| 18-049 | Council Plan | Individual St Kilda | Sustainability - Elster Creek advocacy | Would like the goal of working with partners to reduce Elster Creek flood risk should include a reference to Port Phillip's willingness to contribute to the cost of works which win our approval. |
| 18-049 | Council Plan | Individual St Kilda | Sustainability - Permeability | Wonders whether the same aerial or satellite images, which enable a measure of canopy cover, could also be used to measure the extent of surface sealing, and thus enable us to get a handle of whether we are improving water permeability or not. And the sealing of surfaces on private land is another matter on which Council should be willing and able to deny planning approval. |
| 18-049 | Council Plan | Individual St Kilda | Sustainability - total canopy cover outcome indicator | Not clear whether the 10% increase in total canopy cover by 2026/27 is 10% of 19% (target of 20.9%) or 10 percentage points (target of 29%). |
| 18-049 | Council Plan | Individual St Kilda | Sustainability - Waste reduction | Welcomes Council's commitment to better waste management. However there is no specific reference about e-waste (computers, computer equipment and TVs each year). Encourages Port Phillip to engage with the many bright people working in this area. |
| 18-049 | Council Plan | Individual St Kilda | Walk and Bike network | Believes connections of the separated bike lane in Fitzroy Street at both ends and shared paths in Albert Park at the top end are poor, leading to low usage. Suggests the following: <ul style="list-style-type: none"> • Mark a bike track along the outer footpath of the Esplanade. • Mark and widen a bike track connecting to the Fitzroy St track along the pedestrian isthmus between Esplanade/Fitzroy and Jacka Boulevard • Also consider shifting obstacles • Create a convenient linkage from the foreshore bike track via the Jacka/Fitzroy pedestrian crossing to the Fitzroy St track • Persevere re better connections to a separated track on St Kilda Road/ Brighton Rd • Look for relatively safe backstreet bike routes through St Kilda Hill, Elwood, St Kilda West, Middle Park, Albert Park, Port Melbourne – mark them and advertise them and connect them via existing crossings to the foreshore track • Use counts of cyclists using key routes at peak hour as a metric of success. |
| 18-050 | Council Plan | Bike Lanes St Kilda West | Walk and Bike network | Is concerned that there is only one mention of the construction of fully separated bike lanes (in relation to Fishermans Bend) and urges Council to treat the construction of an extensive network of separated bike lanes throughout the City of Port Phillip as a priority. |
| 18-051 | Council Plan | Individual Elwood | Sustainability - commitments | Would like to see the following commitments for the next decade: <ul style="list-style-type: none"> • Not just a general commitment to reducing carbon emissions, but definite specific targets for reductions of carbon emissions • Subsidies for solar panels on residential roofs, including flats and multi-apartment blocks • Solar powered lights along streets, along the foreshore, and along Elwood canal • Planned transition that all Council vehicles will be electric / solar powered by 2027 • All council buildings will have solar panels and be carbon neutral by 2027 • The dominance of plane trees as street trees reduced, and indigenous trees as street trees increased. |
| 18-051 | Council Plan | Individual Elwood | Walk and Bike network | Would like to see the following commitments for the next decade: <ul style="list-style-type: none"> • to see more dedicated bike paths and more dedicated bike lanes that are continuous, and do not end at intersections • to see a specific council commitment to increasing bike paths and bike lanes by 100% over the next decade. |
| 18-052 | Council Plan | Individual Elwood | Sustainability - commitments | Would like to see the following commitments for the next decade: <ul style="list-style-type: none"> • Not just a general commitment to reducing carbon emissions, but definite specific targets for reductions of carbon emissions • Subsidies for solar panels on residential roofs, including flats and multi-apartment blocks • Solar powered lights along streets, along the foreshore, and along Elwood canal • Planned transition that all Council vehicles will be electric / solar powered by 2027 • All council buildings will have solar panels and be carbon neutral by 2027 • The dominance of plane trees as street trees reduced, and indigenous trees as street trees increased. |
| 18-052 | Council Plan | Individual Elwood | Walk and Bike network | Would like to see the following commitments for the next decade: <ul style="list-style-type: none"> • to see more dedicated bike paths and more dedicated bike lanes that are continuous, and do not end at intersections |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--|-------------------------------------|--|
| | | | | <ul style="list-style-type: none"> to see a specific council commitment to increasing bike paths and bike lanes by 100% over the next decade. |
| 18-053 | Council Plan | Individual St Kilda | Sustainability - community targets | Claims it is vital that a clear frame work is locked into place, to ensure that the City of Port Phillip moves towards a zero carbon community, ideally by 2020 (with a bare minimum CO2 reduction of 60% by 2020). Climate change is an issue that overlaps with all three levels of Government and therefore there is no excuse for any level of Government to pass the buck on this critical issue, when there are practical ways to mitigate climate change at a local level. |
| 18-054 | Council Plan and Budget 2017/18 | Midsumma Festival Melbourne | Funding request – Midsumma Festival | Requests recommitment to providing the same funds as supplied last year (\$65,000) plus provide an additional \$25,000 towards public safety requirements for the event, making a total financial contribution of \$90,000. |
| 18-055 | Council Plan | Individual Travancore | Pollution at Station Pier | Is requesting the Council has initiatives to monitor and limit old ships, including Spirit of Tasmania, and noisy and polluting trucks servicing ships at Station Pier by relocating them to Webb Dock or banning them. |
| 18-056 | Council Plan | Individual Balaclava | Sustainability - Climate change | <p>Would like to see a more robust plan to address climate change by setting a target of carbon emissions reduction, identifying and promoting practical ways to achieve it. Suggestions include:</p> <ul style="list-style-type: none"> encouraging people to set up their own composting with colourful easy to understand stickers on domestic waste bins informing people about the methane production that can be avoided by composting encouraging people to water their street trees setting up a bulk system to enable residents to purchase solar systems placing more recycling bins throughout the city for the public to use. |
| 18-057 | Council Plan | Individual Elwood | Heritage | Welcomes the review of Council's Heritage Policy and the strengthening of heritage controls and asks is there budget for a heritage study of St Kilda or Elwood? Believes the recent demolition of the 164 year-old Greyhound Hotel would have been prevented if a local heritage overlay had been in place and that heritage protection of St Kilda is vital for it continue to be a "go to" destination for both locals and tourists. |
| 18-057 | Council Plan | Individual Elwood | Sustainability - Waste reduction | Would like to know if placement of bins in various places around the city include recycling bins, is concerned with lack of recycling bins at Elwood Beach an whether this is being addressed. |
| 18-058 | Council Plan and Budget 2017/18 | Junction Area Action Group (JAAG) St Kilda | St Kilda Junction | Would like Council Plan to include an initiative for the development of the St Kilda Junction master plan. |
| 18-059 | Council Plan | Individual St Kilda | Fitzroy Street | Would like to know what is proposed with improving Fitzroy Street as there a business closed on the east side of the south part of Fitzroy Street and does not look vibrant. |
| 18-060 | Council Plan | Individual Elwood | Sustainability - general | <ul style="list-style-type: none"> Overall, is pleased with the direction and specifics of the Draft Plan and endorse environmental measures planned to reduce emissions, waste and water usage, whilst improving biodiversity, canopy cover and supporting the redevelopment of the EcoCentre. Supports reducing the use of introduced species such a plane trees and substituting truly indigenous species at all heights that encourage and protect indigenous wildlife. Encourages any initiative that means Council forges links with partners in the Elster Creek catchment. Is concerned that there is no specific mention of Water Sensitive City Design and urges Council to amend the draft plan to incorporate a specific goal in flood mitigation and climate adaptation that leads towards a more water sensitive city. |
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Affordable housing | Provides the following observations and supports Council's contribution to the provision of adequate support services through the promotion and funding of material and other assistance as required to ensure that residents of the City enduring social/economic disadvantage are able to continue residing within the City. |
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Employee information | Suggests including a further breakdown of employee information - against Band level detailing the \$ range within each Band, and the gender breakdown within each Band level (the latter is done for the Annual Report). |
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Festivals and Events | Supports Council's engagement in the promotion of arts/cultural events and asks that Council re-directs funding for the St Kilda Festival to the support of musicians, music venues and related industry residing/located within the municipality. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|--|---|
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Planning provisions | Supports Council's desire to achieve greater residential density with smarter use of existing spaces and requests that there is adequate provision for passive and active recreational spaces prior to new developments. |
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Pride Centre | Council's support for the Pride Centre. |
| 18-061 | Council Plan and Budget 2017/18 | Individual South Melbourne | Sustainability - Waste reduction | Encourages Council's exploration of innovative programs to maximise neighbourhood/street level 'ownership' of resources and activities designed to reduce replication of goods bought individually that could be used communally. |
| 18-062 | Council Plan and Budget 2017/18 | Star Health (formally Inner South Community Health) South Melbourne | Funding request - Waterfront Welcomers | Requests Council providing the financial backing which would enable the program to continue to operate on a sustainable basis going forward, rather than having to rely on annual grants. |
| 18-063 | Council Plan and Budget 2017/18 | ISCH Board of Directors South Melbourne | Health and Wellbeing | <p>Place based health promotion and community development</p> <ul style="list-style-type: none"> • Would highly appreciate Council's ongoing support for the SHIP project, and for specific sub-projects of SHIP, such as the Waterfront Welcomers • Encourages Council to consider funding the roll-out of further place-based health promotion projects with a similar model to SHIP in other areas of need. <p>Co-located services</p> <ul style="list-style-type: none"> • Suggests Council creates more opportunities for community services, including Community Health to be co-located with council service settings such as children's centres, libraries and community centres <p>Social infrastructure for Fishermans Bend</p> <ul style="list-style-type: none"> • keen to collaborate with Council in seeking to secure space for service provision in Fishermans Bend <p>Indigenous meeting place</p> <ul style="list-style-type: none"> • Believes that a dedicated Indigenous meeting place would make an important contribution to the wellbeing of Aboriginal people within our community and urge council to commit to investing in a meeting place <p>Oral health across catchment</p> <ul style="list-style-type: none"> • Urges Council to make an ongoing commitment to improving oral health across the catchment |
| 18-064 | Council Plan | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-065 | Budget 2017/18 | Individual St Kilda | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-066 | Council Plan | Individual Port Melbourne | North Port Oval | Urges Council to include all required works to upgrade the North Port Oval in the Budget 2017/18. |
| 18-067 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-068 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-069 | Budget 2017/18 | Beacon Cove Neighbourhood Association Port Melbourne | Graffiti Removal | Recommends Council continue to devote increased resources to this area so that graffiti can be quickly removed, and that preventative strategies are effective. |
| 18-069 | Budget 2017/18 | Beacon Cove Neighbourhood Association Port Melbourne | Public toilets | Requests a street level toilet in the Waterfront Place area as the toilets at the back are extremely difficult to access, particularly for people with accessibility issues. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--|-----------------------------------|---|
| 18-069 | Budget 2017/18 | Beacon Cove Neighbourhood Association Port Melbourne | Stormwater | Recommends Council work with the EPA to develop and install improved signage, with Council support for a drain upgrade in the longer term to improve health and amenity impacts of stormwater on the beach. |
| 18-069 | Budget 2017/18 | Beacon Cove Neighbourhood Association Port Melbourne | Waterfront Place | Concerned about the state of the property which is detrimental to the tourist industry and the safety of residents. Pending re-development of the site, seeks Council's commitment to action to ensure a clean-up when the Local Law is revised. |
| 18-070 | Council Plan | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-071 | Council Plan | Individual St Kilda | Street cleaning | Congratulates the Council on the draft Council Plan but believes there is a disconnect between the increase in residents/visitors, tourism marketing, the St Kilda Road South precinct upgrade and developments, and the response to litter, dumped rubbish and street cleaning in St Kilda. Hopes that a robust responsive and effective rubbish, litter and street cleaning strategy for St Kilda is incorporated into the Plan and actioned with haste. |
| 18-072 | Council Plan and Budget 2017/18 | Individual Elwood | Sustainability - flood protection | Requests the following: <ul style="list-style-type: none"> Plan not to sell off laneways in or near to flood zones Redirect laneway sales revenue to improve local drainage Transform Tide Street Elwood with WSUD - not bitumen Direct 'Open Space Strategy' contributions to purchase extremely flood prone properties that may also become playground/rain gardens/soakwell installation sites/other WSUD Initiate a 'Drainage Development Contribution Plan' similar to Bayside Amendment c139 Plan for the construction of low bluestone flood retaining walls to follow the garden beds bordering the Elwood Canal to have ...increased capacity against potential flooding Initiate a joint CoPP/SE Water inspection program for illegal stormwater to sewer line connections Address that there is no significant increase in capital works allocation to specifically reduce local drainage flooding |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Council Plan 2017-27 | Supports the identification of the seven challenges and generally supports the Future Focus areas. However, the Plan misses the opportunity to integrate the challenges and focus with coherent plans of action to cover the parts of the city identified for most changes either through densification of climate change. Suggests that any plan needs to be supported by a budget and strategic planning outcomes which are implementable over time. At times it is difficult to see the relationship of the Plan to the Budget. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Aged Services | Concerned about the move to contracting out and the privatisation of aged care services particularly to the private, for profit sector. Questions of affordability, standards, accountability and flexibility arise and the ability of Council to control service provision to its older citizens. It is important that the cost of case management of individuals does not lead to a reduction in services. Not clear whether the budgeted funds for aged care services are sufficient and an assessment is needed to ensure that we are providing the highest quality of service to the greatest number that is possible. Requests additional performance measures to aged care services including number of older persons using services, income levels, special needs groups, ethnicity, language and cultural appropriateness should be include as well as resident satisfaction surveys. Needs to be a funding source for low cost, local exercise programs for older citizens and transport to such programs to ensure that as many people as possible can participate. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Children and Family Services | Suggests Council taking a strong advocacy role on distinction lower State and Federal funding for long day care and be partnering with other councils, child care organisations and unions to press for greater levels of funding for this sector. Funding for campaign work should be set aside for this. Does not want Council to contract out the provision of child care services to the private sector. Requires clarity is required on what the Children's Services Review will entail. Asks why is there a reduction in the level of subsidies to third parties to provide children services from \$1.78m in 2017/18 to \$1.69m by 2019/20. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|-----------------------------------|---|
| | | | | Notes increase in long day care fees is greater than CPI and wage increases are averaging less than 2.5%. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Children and Family Services | Supports Council Child Care Policy (2006) that fees should not constitute full cost recovery but does not support fees including a component for replacement and/or improvement to buildings - this is a Council responsibility. Requests additional performance measures to children's services - include number of parents and children in the special needs category accessing children's services Requests Council promotes provision of Maternal Child Services in light that some parents are resisting vaccination programs. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Community Programs and Facilities | Wants to know how much of the \$14.9m expenditure relates to the one-off funding for Ferrars Street Education and Community Precinct. Seeks explanation in difference of figures between the key projects and total capital and operating expenditure for the service. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Disability services | Notes that there are no specific initiatives or funding aligned to this policy (Disability Policy). An explanation for this is essential. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Reconciliation Action Plan 2017 | Notes that the 2017-2020 Reconciliation Action Plan is yet to be developed and implemented which explains why there are no specific initiatives aligned to this plan within the next 4 years with no budgetary allocation. CAPP proposes that funding should be identified to accelerate the development of the Plan and provisional amounts set aside for implementation. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Affordable housing | Asks why the Draft Budget has no capital outlays on social housing, and a minimal increase in the number of social housing units is projected between now and 2027, with social housing remaining at 7.2% of the total housing stock over the next ten years. Concerned that there is no predicted increase in social housing as a percentage of housing stock (7.2%pa 2014/15 - 2026/27). |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Affordable housing | Believes the Council Plan objective around affordable housing is not ambitious and lacks vision given the need for low cost, secure housing at a time when the private market rents are soaring particularly in Port Phillip and first home buyers are increasingly being priced out of the market. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Affordable housing | Asks why are there no affordable housing or inclusionary zoning targets actually specified in the advocacy priorities in the advocacy priorities under Strategic Direction 1, where the first 2 advocacy priorities deal with both Fishermans Bend and private sector development, yet, In the advocacy priorities mentioned under Strategic Direction 4, there is no reference to housing affordability or inclusionary zoning at all and the advocacy priorities. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Affordable housing | Asks why is there is a 10 year 'closing balance' of \$1 million for each year Cash Backed Reserves for the cash allocations while the opening balance for 2016/17 is \$500,000. Asks how are the 4 operating budget expenditure items for each of the years 2017-2021 meant to align with the stated performance measures on of 4,114 new social housing units facilitated in 2015/16. Asks how the \$1,193,449 operating budget for 2017/18 is arrived at. Asks how the \$210,000 for the In Our Backyard Implementation project will be utilised over the next four years. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Affordable housing | Believes the statement under Our challenges referring to the challenge of urbanization in relation to housing affordability should be corrected to reveal that more than 99% of 'low and moderate income households will find buying and private rentals increasingly unaffordable' in the City of Port Phillip. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Homelessness | Asks why there are no specific funds for the implementation of the Homelessness Action Strategy 2015-20 |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Transport and parking | Supports the proposals to improve public transport through addressing network gaps, increasing capacity and improving connections between the modes of transport. Supports enhancement of bike riding, walking, network connectivity with good amenity and safety as well as ensuring that there is universal accessibility for people with disabilities, children and older people. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|---|--|
| | | | | <p>Concludes that managing the transport that uses the roads in the city to ensure that there are no blockages is important for the amenity of the community.</p> <p>Encourages Council to ensure that there are sustainable transport choices for visitors. Car parking is a contentious issues and this needs to be handled transparently and with community consultation.</p> <p>Considers the Council Community Bus to be an essential service that assists residents move around the city and requests that the Council review and update the service, particularly the display of bus timetables.</p> <p>States that the interconnecting laneways are an underutilised aspect of open space which requires some innovative and creative thinking.</p> <p>Suggests the following ideas for ensuring the continued development of great open spaces</p> <ul style="list-style-type: none"> • Use by residents and visitors of our parks and open space: the growing commercialisation of our local parks should not limit access. • Acquisition of land by Council and other governments of land for public and open space. • Developer contributions to public and open space: council policies for compulsory provision and the effectiveness of setbacks. • Separation of cyclists and pedestrians (completion and analysis of the promenade experiment). • Council expenditure on Open and Public Space for strategic benefit. • Connecting CoPP Open Space and parks with walking and cycling routes. • The Urban Streaming Plan (walking and cycling routes following waterways). • Mapping, improving and linking laneways and informal pathways. • Recognising the needs and concerns of recreational cyclists and the demand for fully connected off-road bike paths. • Ensuring the availability of park space for Social Service usage (i.e. food van access). • Preserving and maintaining Indigenous Spaces. • Minimum metrics for Ratio between Open Space and Population. • Minimum metrics for Proximity (Distance) of Local Parks to Residents. • Analysis of Human Behaviour in relationship to existing Infrastructure. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Sustainability | <p>Believes the draft plan fails to adequately recognise the implications of the energy market transformations now gathering momentum.</p> <p>Believes Council is at risk again of not meeting its Towards Zero commitments and is disappointment that the Towards Zero plan of 2007 is only now on track to meet 60% of its targets. Further commitments need to be made.</p> |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Sustainability - Energy efficiency | <p>Requests retrofitting all Council buildings not yet retrofitted for energy efficiency savings including considering the use of Energy Performance Contracts for Council owned and other leased buildings.</p> <p>Requests developing a Sustainability Community Action plan that sets clear, measurable targets and a clear action plan from 2017-2027 that takes into account the State target of carbon neutrality by 2050.</p> <p>Requests allocating sufficient funds each year to achieve targets set in the Sustainability Community Action Plan.</p> <p>Requests implement such a plan through the creation of a Port Phillip Energy Foundation to drive the reduction of community emissions.</p> <p>Requests advocating for the required legislative and regulatory changes that are holding up some community emissions reduction projects.</p> |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Sustainability - Permeability and water | <p>Requests establishing guidelines and targets to improve permeability throughout the municipality.</p> <p>Requests prioritising flood responses in Elwood and St Kilda.</p> <p>Requests developing and financing sub-catchment solutions to flooding, water recycling and pollution reduction through a range of initiatives including storm water capture and release storage systems under roads in park/recreational area in those areas.</p> <p>Requires a business case to determine the viability of stormwater harvesting and pollution reduction at Albert Park Lake vs other options including Elsternwick Park North and other sub catchment responses.</p> |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|---------------------------------------|---|
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Sustainability - community engagement | Seeks an effective replacement of the Towards Zero Forum that works together with Council to develop strategies and action plans to assist the community to reduce emissions. |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Planning and open space | <p>Recommends that CoPP pursue integrated planning outcomes for Amendment C122 and its surrounding area (Amendment C123), and that the sentiments expressed in the draft Council Plan are put into effect in making decisions relating to increased population density in the geographical areas identified in this plan.</p> <p>Surprised and disappointed at the low level of funding allocation to areas other than Fishermans Bend.</p> <p>Encourages Council to advocate to the State government to purchase large open space in Fishermans Bend to ensure that the new community is a suitable amenity for families.</p> <p>Believes the Developer Contribution Scheme, both retrospectively and for the future should become part of general revenue but specifically allocated for procurement of open space.</p> <p>Believes the proposed funding allocation for greening of Port Phillip is inadequate and requests that it be reconsidered as the current plans appears to only cover tree planning versus new open space.</p> <p>Understands that the allocation to open space water management is focussed on the Albert Park reserve. In light of CoPP commitment to transparency the rationale for this should be explained to residents.</p> |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Retail precincts | <p>Suggests that any strategic plan for retail precincts should include consideration of the impact of the rental market and the need for landlords to act responsibly.</p> <p>Encourages continued work on better management of licensed premises and entertainment precincts.</p> <p>Encourages the development of local business, particularly sustainable new creative industries focussing on climate change issues.</p> |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Festivals and events | <p>Notes that the Council separates the Festivals budget from the Arts budget, which provides greater weight to festivals that do not harness local creativity. In addition it diminishes the importance of ongoing emerging creative.</p> <p>Believes the funding for the St Kilda Festival is excessive and the focus of the festival should be on local artists. Partner funding should be sought. Also notes that many of the festival attendees do not contribute to the rate base of the city or to the local community. CAPP requests that the Council considers a granting program for creative groups.</p> |
| 18-073 | Council Plan and Budget 2017/18 | Community Alliance of Port Phillip Elwood | Our commitment to you | <p>Notes that in terms of transparency this Plan only gave the Community one month to provide comment.</p> <p>States that transparency should be a major focus of Council to ensure that the Community is aware of focus and expenditure</p> <p>Believes that the connection between Plan and the Budget shows that issues of equity have not been given sufficient attention in the past or in planning for the future as major investments are still proposed to go into those parts of the city which have the lowest projected growth and are historically the most infrastructure rich (South Melbourne, Middle Park)</p> <p>Believes there are major areas of capital expenditure where there has been little examination of cost benefit, rationalisation of services and public information on proposed expenditure (Life Saving Clubs, Kerferd Road safety, upgrade water recycling from Albert Park Lake, Pride Centre)</p> <p>Believes the Budget has no capital outlays on social housing.</p> <p>Refers to DELWP report done for Fishermans Bend which comments on the fragmented and run down facilities currently provided by the Council and the need to consider how to best meet future demand for services. Concludes that similar conclusions would be reached for the rest of the municipality.</p> <p>States that careful consideration of planning controls are needed which could include open space, wider footpaths, trees and even directly including social facilitates in private development including requiring a social housing component</p> <p>Recommends Council does a complete review of its assets and then immediately moves to align expenditure with highest density and greatest need.</p> <p>Is concerned that Council talks about 'adaptation' (which Council has some responsibility for) rather than 'mitigation' (which is being identified as the Federal Government's responsibility), and no reference to the need to develop 'resilience' as part of the Resilient Cities program (of which the CoPP is a member).</p> |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--|-----------------------|--|
| | | | | <p>Believes that areas at the greatest risk due to climate change have relatively small allocations (Elwood and central St Kilda) with no budgetary provision for Elsternwick Park.</p> <p>States there is a need to set interim targets within Council's main climate change plans. In particular the community emissions component of Toward Zero needs close attention.</p> <p>States that the EcoCentre has a smallish amount set aside over 3 years), despite the fact that the Eco Centre is a highly successful operation with over 15 staff operating out of the current facility.</p> <p>Requests Council to adhere to its social, housing and environmental principles including a review of its 'transformational projects' against these key challenges. That the Council consider all its budget allocations against these principles and explore better means by which assets can be upgraded and social need fulfilled.</p> |
| 18-074 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-075 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-076 | Council Plan | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-077 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-078 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-079 | Budget 2017/18 | Individual Elwood | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-080 | Council Plan | Individual Albert Park | North Port Oval | Concerned that Council has not allocated funds for the upgrade of Port Melbourne football ground. The quality of this oval needs the support as it struggles to survive. |
| 18-081 | Council Plan | Individual St Kilda | North Port Oval | Requests Council does whatever it can to ensure the surface is redeveloped. |
| 18-082 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests Council urgently attends to Northport Oval. |
| 18-083 | Council Plan and Budget 2017/18 | Port Phillip Bicycle User Group St Kilda | Walk and Bike network | <p>Pleased that cycling is recognised as a viable form of transport in the draft Council Plan and that there is a direction specifically attributed to 'a connected city that is easy to move around'.</p> <p>Believes that car travel should be not just "moderated" but motorists actively supported and encouraged to try out and benefit from using other (active and sustainable) modes.</p> <p>Would like to see in the Plan specific examples about advocating for example, St Kilda Road separated bike lanes or Domain/Melbourne Metro and bike infrastructure.</p> <p>Surprised to see there is no reference to active transport under Strategic Direction 4 and would like to see this mentioned as liveability and diversity is partially reliant on encouraging walking and cycling.</p> <p>Encourages Council to ensure that planning and development of Fishermans Bend encourages active transport and makes full use of developer contributions to do so.</p> <p>Trusts that the Council has allocated sufficient resources to work actively with the developers to ensure that the increased density results in improved transport provision rather than more congestion.</p> <p>Encourages Council to work with and allocate spending on joint projects with neighbouring councils to improve connectivity and coordination of bike paths and lanes. For example the Sandridge shared path to Docklands and Southbank.</p> <p>Disappointed that at the same allocation of \$1m in 2017/18 as 2016/17 there has been a decline in funding in real terms.</p> |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|-----------------|---|--|--|
| | | | | Would like to see a breakdown for cycling infrastructure, rather than combined with walking. |
| 18-084 | Budget 2017/18 | St Kilda Tourism and Events St Kilda South | St Kilda Tourism and Events | Proposes: <ul style="list-style-type: none"> • SKTE and all its activities to become part of a large internal body or organisation within Council • \$200k allocation from Council budget to be allocated to this internal body / department and spent specifically on marketing the destination of St Kilda • A new Tourism and Events Advisory Board is formed • Current contracted and employed Executive Team be seconded by Council |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | Festivals and Events | Claims that events on the foreshore frequently occur without affected residents being notified. Traffic management is often a problem as residents cannot gain access to their properties and question whether these issues will be addressed in the review of the Events Strategy and Policy. |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | Fitzroy Street | Asks whether the street level of the Pride Centre will be shops, and does that provide an opportunity for improved neighbourhood commercial services. |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | St Kilda West neighbourhood | Concerned that St Kilda West is divided between St Kilda/St Kilda West and Albert Park/Middle Park neighbourhoods and requests a St Kilda West from Fitzroy Street to Fraser Street is included with Albert Park/Middle Park. |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | Sustainability - Waste reduction | Asks whether installing bin-sensors and solar powered compacting bins might improve their effectiveness and perhaps help to reduce collection costs of street bins. |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | Sustainability - water management | Concerned about flooding of homes, especially those adjacent to Albert Park on Canterbury Road. The Plan refers to flooding problems related to Elster Creek but no mention at all of flooding in our area |
| 18-085 | Council Plan | West St Kilda Residents Association (WSKRA) St Kilda West | Traffic management | Requests that effort, through advocacy, be made to make car travel on arterial roads (especially Canterbury and Beach roads) as efficient as possible. |
| 18-086 | Council Plan | Port Phillip Community Group St Kilda | Health and Wellbeing | Applauds Council's draft Council Plan and ongoing commitment to diversity and inclusion. Strongly supports Strategic Direction 1. Supports integration of the Council Plan with the Municipal Public Health and Wellbeing Plan (MPHWP) and believe the objectives of the MPHWP are in line with the Engagement Findings Report 2017 that once again supports and notes the attributes of Port Phillip as a leader in its commitment to a diverse and robust community, where people from all walks of life come together and have access to support services based on equity and equality. |
| 18-087 | Council Plan | South Melbourne Philharmonic Society | Funding request - South Melbourne Philharmonic Society | Requests a formal agreement which provides for the use of space in line with current practice, renewable every 5 years. |
| 18-088 | Council Plan | unChain Inc. | Affordable housing | Asks what happens to the rate income if/when housing prices fall? |
| 18-088 | Council Plan | unChain Inc. | Affordable housing | Asks Council to commit to review the "In Our Backyard" policy to ensure improved social housing outcomes for the City. |
| 18-088 | Council Plan | unChain Inc. | Affordable housing | States that social housing is supported but should be provided by community housing associations in partnership using funds from Government, philanthropic funds and borrowings. |
| 18-088 | Council Plan | unChain Inc. | Asset Management | Suggests that Council management of commercial undertakings, leases, and licences should be reviewed to ensure these are established based on current best practice and are monitored for compliance. In particular the new marina lease, the Palais lease, Vineyard, West Beach Pavilion, Metropol and Sea Baths public access roof compliance etc. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|-----------------|---------------------------|-----------------------|--|
| 18-088 | Council Plan | unChain Inc. | Asset Management | Suggests programmed management of infrastructure should be based on need and community expectations not just a planned schedule. |
| 18-088 | Council Plan | unChain Inc. | Audit and Risk | Requests that the Council Audit Committee details and reports be made public with the community being invited to attend meetings to hear specific complaints and whistle blowers encouraged to bring issues to the attention of the committee or the State Ombudsman. |
| 18-088 | Council Plan | unChain Inc. | Brookes Jetty | Suggests Council should pursue the recreational opportunities by the enhancement of Brookes Jetty. |
| 18-088 | Council Plan | unChain Inc. | Core responsibilities | Suggests Council should undertake an organisation wide review of all 135 service programs provided by in-house staff or via contractors to ensure community supported need, efficiency of delivery, compliance and cost benefit. Suggests Council should also undertake a review of all shared services to ensure these are fit for purpose, do the job and are best practice. |
| 18-088 | Council Plan | unChain Inc. | Core responsibilities | Suggests Council focus on the scope of local Council as outlined in the Act and on the DWELP web site, https://knowyourcouncil.vic.gov.au/guide-to-councils/what-councils-do . |
| 18-088 | Council Plan | unChain Inc. | Core responsibilities | States that many believe that the focus of Local Government should be the provision of services. |
| 18-088 | Council Plan | unChain Inc. | Council Plan 2017-27 | There is no mention that within the 2017 – 2027 plan time framework, that there will be council elections in 2020 and 2024, State elections in 2018, 2022 and 2026, Federal elections anticipated in 2019, 2022, and 2025 and other transformational disruptive interventions and events. Hence, a plan for the 10 years, 2017-2017, is open to massive change and is open to risk interventions. Questions why the Port Phillip plan is for a longer period and much larger than say City of Melbourne and Adelaide City Council. Suggests that the photographic representations gives residents the view that The Plan is very St Kilda centric. States that Planning longer than a few years is a guess and not realistic, whilst a rolling yearly plan has many advantages. |
| 18-088 | Council Plan | unChain Inc. | Council Spending | Suggests Council sustain an on-going campaign to reduce costs and waste so that the total amount charged for rates by the ratepayer is kept in line with inflation and that savings can be used for new initiatives. |
| 18-088 | Council Plan | unChain Inc. | Employee information | Suggests systems and staffing levels be reviewed, particularly the increase in upper middle management and executive staff, to reduce operational costs and efficiency. |
| 18-088 | Council Plan | unChain Inc. | Employment | Suggests: <ul style="list-style-type: none"> • Council support businesses in Port Phillip and actively encourage new employment opportunities to increase the jobs within the city, not just in restaurants and licenced premises. • Council actively support jobs for unemployed youth, elderly persons and encourage new innovative industries to locate within the City. • Council review its employment practices to contribute to local employment and contribute to reducing long term unemployment. |
| 18-088 | Council Plan | unChain Inc. | Employment | Suggests business hubs and artists' studios should be supported throughout Port Phillip to encourage local employment. |
| 18-088 | Council Plan | unChain Inc. | Engagement | Suggests residents and business email addresses be collected and used for two way communication (subject to the Privacy Act) |
| 18-088 | Council Plan | unChain Inc. | Engagement | Suggests confirming with other participants that the final draft match some of the community comments. |
| 18-088 | Council Plan | unChain Inc. | Festivals and Events | Requests reducing the number of events, particularly in St Kilda to reduce the impact on the gardens and the community amenity. Suggests a review of the need for and cost benefit of the St Kilda Sunday festival. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|-----------------|---------------------------|----------------------------------|--|
| 18-088 | Council Plan | unChain Inc. | Fishermans Bend | Suggests that given that the State Government effectively controls the Fishermans Bend development and has deep pockets for its development, Council should consider withdrawing from this urban revitalisation project given the planning and potential financial commitment of staff, resources and cash. |
| 18-088 | Council Plan | unChain Inc. | Neighbourhoods | Suggests the "love our streets" be rolled out in various communities. Street ambassadors are a good idea. |
| 18-088 | Council Plan | unChain Inc. | Organisational Performance | Suggests: <ul style="list-style-type: none"> • there be a risk matrix and an external review of all CoPP community services and all internal shared services. • Council improve and upgrade its IT software, upgrade to the latest edition of the CAD for planning, latest Office software, upgrade the web and make it smartphone compatible. • that the new CEO needs to have full buy-in to the policy initiatives and performance expectations for the Plan to be well understood and executed by staff. Welcomes the opportunity to meet with the new CEO as early as possible. • Relevant data be collected for all services and internal shared services to be continually used to review the performance and relevance of services. • No performance indicators be planned to be reduced. Not as stated in the indicators on page 2-74 which go down over the 10 year period. |
| 18-088 | Council Plan | unChain Inc. | Parking | Notes that the car parks behind Acland St could be used to build a new multi-level car parks as well as mixed social and private housing. |
| 18-088 | Council Plan | unChain Inc. | Planning provisions | Requests the planning and permitting processes be reviewed to speed up planning and permitting decisions, particularly when the proposal is minimal and not contentious. |
| 18-088 | Council Plan | unChain Inc. | Public Transport | Requests that construction of super tram stops take into account the needs of local residents and businesses and their concerns, particularly in Fitzroy St, Clarendon St and Carlisle St. |
| 18-088 | Council Plan | unChain Inc. | Rates | States that some households had recent rate increases of approximately 30% which is not sustainable, particularly as it increases rent and is a hardship on residents who are unemployed, retired or on social benefits. |
| 18-088 | Council Plan | unChain Inc. | South Melbourne | Suggests Clarendon St be upgraded as a community and business retail, office and social street. |
| 18-088 | Council Plan | unChain Inc. | South Melbourne Market | Requests a major review in the South Melbourne Market operations as it continues to become increasingly expensive for many residents. A comparison with Footscray and Victoria markets is provided. |
| 18-088 | Council Plan | unChain Inc. | St Kilda Triangle | Suggests that the St Kilda Triangle be given higher prominence in the plan along with St Kilda Harbour, St Kilda bike route and the traffic chaos that will be caused by closing lanes during the metro rail station construction at the Domain. |
| 18-088 | Council Plan | unChain Inc. | Sustainability - general | Suggests that the emphasis in the plan on environmental issues needs to be part funded in partnership with other sources, sometimes in partnership, not forgetting that the basic residents and business needs and resulting services are provided across the municipality. |
| 18-088 | Council Plan | unChain Inc. | Sustainability - Waste reduction | Suggests a war on waste from household, restaurants and business waste needs to be high on the agenda. Suggests energy usage and generation be a priority for Council. |
| 18-088 | Council Plan | unChain Inc. | Traffic management | Suggests a live traffic model be developed to integrate all transport modes and the City's integration with the rest of Melbourne. |
| 18-088 | Council Plan | unChain Inc. | Waterfront Place | Suggests Waterfront Place be resolved and include community facilities, including a Council financial commitment to ensure delivery of such community facilities. |
| 18-088 | Council Plan | unChain Inc. | Sustainability - general | Supports the planting of trees, beach patrol, earth care, managing water, reducing waste, eco centre and community energy cooperatives. |
| 18-089 | Budget 2017/18 | Individual Albert Park | North Port Oval | Requests allowance is made for new turf for the Port Melbourne football ground. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|--------------------------|---|
| 18-090 | Budget 2017/18 | Member of Port Melbourne Football Club Port Melbourne | North Port Oval | Requests including Council expenditure in the Budget 2017/18 for upgrading the ground surface to avoid the Port Melbourne losing revenue in moving home games to other venues. |
| 18-091 | Council Plan and Budget 2017/18 | KARMIC Cold Pressed Juice Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-092 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-093 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-094 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-095 | Council Plan and Budget 2017/18 | Individual Port Melbourne | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Sustainability - general | Supports the Council's commitment to provide \$3.2 million over the next 4 years for the redevelopment of the EcoCentre. Notes that the redevelopment is "subject to third party funding" and if this were not possible whether Council would fund the whole redevelopment. Urges Council to redevelop the EcoCentre on the current site for a number of reasons identified in the Business Case. |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 1 | Provides comments on Strategic Directions and outcome indicators: <ul style="list-style-type: none"> • Requests adding volunteering as a useful lever and indicator (1.1) • Considers planning mechanisms (local overlays or advocacy to Victoria) to enable tiny houses, co-housing, cooperative living and other models to affordable housing in medium density areas (1.2) |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 2 | Provides comments on Strategic Directions and outcome indicators: <ul style="list-style-type: none"> • Suggests a stronger ambition than an 8% increase in the percentage of residents choosing sustainable transport options to travel to work. • Proposes that the ongoing Footpath Renewal Program (2.1) be undertaken in concert with water-sensitive city actions (3.4) including clear baseline and target permeable surface areas |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 3 | Provides comments on Strategic Directions and outcome indicators: <ul style="list-style-type: none"> • Notes that biodiversity (3.1) plays an unexpected role Directions 1 and 2 • Pleased to see Council's commitments to consider a watersensitive city within a Port Phillip Bay and catchment context. • Commends the Council's regional approach to an IMAP Urban Forest and Biodiversity Strategy and advocate for each project brief to include practical recommendations that guide both municipal planning and community actions (EcoCentre, volunteer groups and landowner projects) • Requests footnoting the baseline year and/or volume data for the Outcome Indicator Council's greenhouse gas emissions. • Would like to see Community targets for water and emissions as part of the top-level reportable Outcome Indicators • Under outcome 3.3 second dot point, suggest orient toward outcome rather than mere education. Also suggests aspiring to mitigation alongside resilience • Under outcome 3.3 fourth bullet point, asks whether the 'planning scheme tool' suggested is an analytic technology (e.g. CoastAdapt), a decision-making process, or something else entirely |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 4 | Provides comments on Strategic Directions and outcome indicators: <ul style="list-style-type: none"> • Notes that Natural Heritage is a strong part of 'the character' of City of Port Phillip • Suggests Council encourage and support community-led programs, events and practices that connect people to our natural spaces |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---------------------------------|----------------------------|---|
| | | | | <ul style="list-style-type: none"> Believes there is scope to advocate for programs to convert schoolyards to semi-public play space, ovals and parklands as our population and female sport participation grows States that hard infrastructure has the potential to be returned to parklands and wetlands when car dependency declines |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 5 | <p>Provides comments on Strategic Directions and outcome indicators:</p> <ul style="list-style-type: none"> Believes that volunteering should be valued when developing “a creative and prosperous city strategy that features all elements of our city economy |
| 18-096 | Council Plan | Port Phillip EcoCentre St Kilda | Strategic direction 6 | <p>Provides comments on Strategic Directions and outcome indicators:</p> <ul style="list-style-type: none"> Suggests the new indicator ‘participation in community engagement activities’ incorporates data from community partners such as EcoCentre |
| 18-097 | Council Plan | Individual Albert Park | CCTV | Asks if cameras and movement sensing lights can be added to vulnerable zones. |
| 18-097 | Council Plan | Individual Albert Park | Graffiti Removal | Requests Council considering consulting with the owners of rail properties to find a way to maintain stations (remove graffiti, for example Albert Park, repair damaged railings and remove rubbish dumped over fences such as near city road and South Melbourne station). |
| 18-098 | Council Plan | Individual South Melbourne | Sustainability - emissions | <p>States that Council has a real opportunity here to lead from the municipal level by:</p> <ul style="list-style-type: none"> mandating the retrofit of all existing council properties to include some level of energy generation, be it solar, or wind, and have these installations done at a much lower cost due to the quantity we would be purchasing creating its own energy wholesaler and retailer, with production from its owned and operated sites first going towards an offset for all Council use, then any additional energy created being made available to local businesses and social housing estates at a discounted rate. Questions why Council isn't doing this. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Parking | Notes that Ormond road is too busy and causing near misses and requests solving the parking problem as short parking times, permits are not the answer. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Planning provisions | <p>Requests revisiting town planning as there is too much overcrowding causing anti-social behaviour, parking issues and lack of access to open space.</p> <ul style="list-style-type: none"> Maximum 2 town houses per lot like City Of Glen Eira. Maximum building height in residential 2 stories. Maximum building height in Ormond Road 10 metres. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Playgrounds | Requests provision for gated play area equipment for children with special needs. There are families that won't go to parks as it is too hard to look after more than 1 child. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Playgroups | Requests provision of a building for after school, weekends and holidays play are for school age children, much like Elwood Community Play Group. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Playgroups | Requests provision of a Community Play group building like Elwood Play Group for St Kilda, Port Melb, Albert Park, Middle Park, Balaclava, South Melbourne and Windsor. It is essential for new parents to have a permanent location to meet other new parents and no be stuck in meeting a cafe's and homes. Some groups coming out of Elwood MCHN have 18 families, which is too many to expect to have in a cafe. These groups often fall apart and the community bonding, support and friendships are lost. Having a permanent location like Elwood's Community Playgroup in each suburb would provide a sense of support and somewhere to go in an inclusive environment. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Playgroups | Requests provision of more all needs accessible play group equipment. There is a distant lack of inclusion on the playground equipment at parks. |
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Public toilets | Requests provision for public toilets and mother's breastfeeding area in Ormond Road and Tennyson Street. |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|--|--|---|
| 18-099 | Council Plan and Budget 2017/18 | Individual Elwood | Sustainability - Waste reduction | Requests implemented quickly a green waster pick up - stops dumping and will prevent people paving over lawns. |
| 18-100 | Council Plan | Phillip Adams BalletLab South Melbourne | Funding request - Phillip Adams BalletLab | Requests Council support to help them improve the Temperance Hall which still requires significant upgrades including heating and cooling systems, further access requirements (the second floor remains inaccessible), a high quality sound system and audio, structurally sound seating and adequate flooring for performances. |
| 18-101 | Council Plan | SouthPort Community Legal Service Inc. | Funding request - SouthPort Community Legal Service Inc. | Requests increased Council funding to increase from approximately \$61,000 to \$75,000 to allow SouthPort Community Legal Service Inc. to maintain the service they currently offer, address any increased costs from 2016, and allow them to run, for example, a pilot program for education on family violence and/or a Wills Night for Office of Housing clients. |
| 18-102 | Budget 2017/18 | Individual Port Melbourne | North Port Oval | Concerned that there is apparently no budget provision for an upgrade of the North Port Oval surface. |
| 18-103 | Council Plan | Port Phillip Community Group St Kilda | Health and Wellbeing | Endorses Council's continuing commitment to embracing difference, and encouraging all people to feel a sense of belonging and connectedness to Port Phillip. |
| 18-104 | Council Plan | Australian Shareholders' Association | Funding request - Alliance for Gambling Reform | Requests a Council contribution to the Alliance for Gambling Reform Asks what Council is doing to address the \$28 million a year coming out of your community from the 10 pokies venues. |
| 18-105 | Council Plan | Individual St Kilda | Health and Wellbeing | Endorses Council's continuing commitment to embracing difference, and encouraging all people to feel a sense of belonging and connectedness to Port Phillip. |
| 18-106 | Council Plan | Individual Albert Park | North Port Oval | Requests including Council expenditure in the budget as soon as possible to avoid the Port Melbourne Football Club losing valuable hosting of the VFL Finals series. |
| 18-107 | Council Plan and Budget 2017/18 | Port Melbourne Football Club Middle Park | North Port Oval | Requests including Council expenditure in the budget as soon as possible to a standard not only fit for VFL Football but in doing so will also attract interest from the AFL and Womens AFL/VFL to possibly use this oval as a feature for such competitions. |
| 18-108 | Council Plan | South Port Community Housing Group South Melbourne | Health and Wellbeing | Congratulates the Council on the significance it has given to housing affordability in the Draft Council Plan 2017-2027. Welcomes the ongoing commitment to the Council's housing strategy: In Our Backyard - Growing Affordable Housing in Port Phillip 2015-2025. Endorses the importance of this strategy in achieving an increase in affordable housing within the municipality. Strongly endorses Council's approach of an increase in affordable housing through 'establishing and facilitating partnerships to support the delivery of diverse and innovative new affordable housing projects, and to reduce the risk of homelessness'. Keen to partner with Council to increase community housing, particularly in the neighbourhoods of Port Melbourne, South Melbourne, Albert Park and Middle Park, Sandridge/Wirraway and Montague. Looks forward to participating in the implementation of Council's housing strategy: In Our Backyard - Growing affordable Housing in Port Phillip 2015-2025 and ensuring that an increase in affordable housing within the municipality becomes a reality. |
| 18-109 | Council Plan and Budget 2017/18 | Port Phillip Alliance for Sustainability | Sustainability - general | Corporate Emissions <ul style="list-style-type: none"> Considers that Council's past failure to achieve significant reductions, despite funds being allocated annually for retrofitting Council facilities, is due primarily to not following best practice by setting annual reduction targets sufficient to achieve the Toward Zero 2020/21 target, coupled with previous Councils not committing enough resources Disappointed that the new Plan does not set out a pathway for emission reductions over the next four years States that the figure of \$500,000 annually for energy efficiency measures between now and 2026/27 clearly a provisional figure which confirms that no planning has been finalised and no targets have been set for any of these years. Energy Performance Contracts <ul style="list-style-type: none"> Thinks Council should be giving priority to whether an Energy Performance Contract could be undertaken to upgrade a number of Council's larger assets, and developing annual targets for emissions reductions and specific asset retrofitting projects |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|---------------------------------|---|--|---|
| | | | | <p>South Melbourne Market</p> <ul style="list-style-type: none"> Disappointed that South Melbourne Market will not be fitted with solar panels until 2018/19, despite the fact that this project has been under consideration for seven years now, and was funded in the Budget 2015/16 <p>Community Emissions</p> <ul style="list-style-type: none"> Welcomes the intention to develop a Sustainable City Community Action Plan to address community emissions Encourages Council to look at best practice examples and undertake extensive investigation before commencing any form of community consultation about the Sustainable City Community Action Plan. <p>An Energy Foundation</p> <ul style="list-style-type: none"> Believes an external organisation analogous to the Moreland Energy Foundation would provide the best model for Port Phillip to assist implementing a Community Action Plan. <p>Towards a Water Sensitive City</p> <ul style="list-style-type: none"> Believes that a more dispersed system should be under examination, involving the St Kilda Main Drain and Elsternwick Park North as well as Albert Park. Such a system could provide significant flood mitigation benefits, together with significant improvements in water quality in Elster Creek <p>EcoCentre</p> <ul style="list-style-type: none"> Believe it should be possible to accelerate this project and provide a much-needed new home for the EcoCentre. <p>Community Engagement</p> <ul style="list-style-type: none"> Notes that there have not been any consultative mechanism on sustainability matters since the SECRC was closed in 2012. Hopes that deliberative panels can be used more regularly in Port Phillip |
| 18-110 | Council Plan | Individual Coburg | Health and Wellbeing | Endorses Council's continuing commitment to embracing difference, and encouraging all people to feel a sense of belonging and connectedness to Port Phillip and urges Council to support all initiatives and partnerships that further these goals. |
| 18-111 | Council Plan and Budget 2017/18 | Individual Port Melbourne | Walk and Bike network | Supports increased separation of bicycle paths and installing "Copenhagen" lanes at every road and intersection that is renewed. Would like to see Council significantly increase the amount it is devoting to fund bicycle infrastructure. |
| 18-112 | Council Plan and Budget 2017/18 | Multicultural Arts Victoria | Funding request - MCAV | <p>Requests Council support for the following:</p> <ul style="list-style-type: none"> Crossing World (\$30,000) to provide funding support to MCAV to advance multiculturalism through an arts and culture program that is sensitive to the cultural practices of new and emerging groups. Piers Festival transition costs (\$6,834.50) by moving the event to the South Melbourne Town Hall due to inclement weather. St Kilda Festival 2018 component (\$10,000) to support diversity through music building on Council's commitment to expand its services for local artists, assisting in highlighting the City's advocacy for marginal groups and committing to cultural diversity and arts accessibility. |
| 18-113 | Council Plan and Budget 2017/18 | National Theatre Melbourne St Kilda | Funding request - National Theatre Melbourne | Requests \$20,000 towards programming at the National Theatre Melbourne to grow local community engagement by supporting local St Kilda artists and stories as well as supporting first-run and new productions that contribute to the vibrancy, creativity and diversity of the City |
| 18-114 | Council Plan | Individual St Kilda | Health and Wellbeing | Endorses Council's continuing commitment to embracing difference, and encouraging all people to feel a sense of belonging and connectedness to Port Phillip and urges Council to support all initiatives and partnerships that further these goals |
| 18-115 | Council Plan | The Avenue Children's Centre and Kindergarten | Children and Family Services | <p>Concerned that the Council may reconsider the way it operates its children's services, and would like Council to continue the current support provided.</p> <p>Welcomes the \$3.8 million allocation to child care services but are concerned this may reflect councils desire to cease support for child care services. We strongly believe it is in the best interests of the Council to support childcare services above current and future intentions.</p> |

| Submission No. | Submission to : | Submitter name and suburb | Topics raised | Summary of submission |
|----------------|-----------------|---|-----------------------------------|---|
| 18-116 | Council Plan | Multicultural Arts Victoria South Melbourne | Arts | To obtain effective utilisation of the South Melbourne Town Hall, urges Council to consider <ul style="list-style-type: none"> • Consultation with the relevant stakeholders (including all the South Melbourne Town Hall tenants and Emerald Hill community and arts organisations) on the use of the facilities. • Increase the limit of subsidised use for community and arts organisations residing in the city. |
| 18-116 | Council Plan | Multicultural Arts Victoria South Melbourne | Community programs and facilities | To obtain effective utilisation of the South Melbourne Town Hall, urges Council to consider <ul style="list-style-type: none"> • A scaled set of charges for use of the South Melbourne Town Hall to increase community usage. • More sophisticated criteria which prioritises community, arts and NFP for use of the Hall (as opposed to 'first come first served'). • Opportunities for groups to book venue/s well in advance of their events to ensure adequate planning and marketing of the event. |
| 18-117 | Council Plan | Individual Albert Park | Disability services | Requests that the Council plan more overtly addresses the implementation of the NDIS in the municipality from April 2018 and allocate more funding for disability accessibility services generally, money for NDIS transition-related activities and services. Sees a role for Council in liaising and partnering with the NDIA's Local Area Coordinator. Notes that the implementation of the NDIS represents a paradigm shift in the way society views and treats people with disability and there is more 'pressure' on local councils to ensure local communities are inclusive, accessible and welcoming. Observes that Council does an excellent job at accessibility and in services generally. |
| 18-117 | Council Plan | Individual Albert Park | Noise | Notes the high level, constancy and intensity of aircraft noise from planes and helicopters in the municipality, which has huge environmental and health impacts. Requests Council to advocate with the relevant authorities to diminish the noise. |
