

**RESPONSE TO COUNCILLOR QUESTIONS
ORDINARY MEETING OF COUNCIL 15 FEBRUARY 2017**

Councillor Question Time – answers to questions taken on notice*

In relation to a joint letter to the Minister for Roads from Port Phillip, Bayside and Kingston City Councils sent in September 2015, outlining concerns about heavy vehicle movements on Route 33 and requesting that truck curfews be extended to Saturday morning. The Minister undertook to provide information in October 2015.

Has this information been provided? And if not, can we please request this?

(Cr Ogy Simic)

Response

The most recent correspondence received in response on this matter from VicRoads on April 7th stated the following:

“Recently we completed online engagement with the community via a survey which asked questions that sought to capture people's experiences relating to trucks travelling along Beach Road and how it impacts them. We are in the process of reviewing and summarising the key elements/themes of what the community has shared with us and hope to complete this within the next few weeks. As part of this, a feedback summary report will be prepared covering major themes raised through the survey. This will then be shared with the community and stakeholders and published online (likely during April).

Shortly after this, we anticipate to communicate to the public the next phase of this project including how the online feedback has helped to influence next steps. We will keep your office informed of the next steps as they become clearer.”

**Note: answers to any questions in Councillor Question Time which were answered at the meeting are included in the minutes of that meeting.*
