

**Item 7.1- Response to Joint Letter regarding inadequate Vehicle Parking
- G12+ Domain Precinct Residents' Group**

Question from Cr Brand

How many public car spaces are going to be lost to the area as a result of the two commercial parking stations going in?

Response

The two commercial parking stations in the precinct they have apparently been development proposals issued with planning permits sometime in the recent past. How many public car spaces are going to be lost to the area because of that?

I can advise that there will be a reduction of 563 commercially operated off street car parking spaces, as result of the redevelopment of these properties. This is broken down as follows:

1. 13-21 Palmerston Crescent: **339** car parking spaces
2. 2 Bowen Crescent: **224** Car parking spaces
