Getting around on public transport

Tickets

myki is a reusable travel card – your ticket for trains, trams and buses in Melbourne and many parts of regional Victoria. To get started, buy a myki Explorer pack or myki card.

myki Explorer pack

If you're a visitor, enjoy a ready-to-use myki card with one day's unlimited travel on public transport in Melbourne. Your pack includes handy maps, a souvenir wallet and discounts to lots of our favourite places.

If you want to keep travelling, just top up your myki. Find out where to buy myki at ptv.vic.gov.au/mykiexplorer

Buy a myki card and top up

A Full fare card costs \$6, \$3 concession.

You can buy and top up at:

- around 800 shops including all 7-Elevens
- myki machines at selected stations and stops
- premium station ticket offices

PTV Hubs

- on the bus (\$20 max)
- at **1800 800 007** (allow seven days for delivery of a myki and around 90 minutes for online top ups).

myki Money

If you travel occasionally, pay as you go.

Load money onto your card and myki will calculate the lowest fare based on where you travel.

myki Pass

If you travel often, top up with consecutive days.

When you travel more than five days a week, you save with a myki Pass.

Free tram travel

The city's Free Tram Zone includes the city centre and extends from

Queen Victoria Market to Docklands, Spring Street, Flinders Street Station and Federation Square. If you're only travelling in the city's Free Tram Zone you don't need a myki.

Travel on the City Circle tram (Route 35) is also free. Hop on and off the iconic tram as you visit major attractions and shops.

Night Network

On Friday and Saturday nights you can catch all-night metropolitan trains, trams and buses, and regional coaches.

To find out more about Night Network visit ptv.vic.gov.au/nightnetwork

Regional Victoria

With the largest public transport network in Australia, Victoria's trains and coaches can take you to many parts of regional Victoria. Plan your next adventure at V/Line's passenger hub in Southern Cross Station.

Alternatively, drop into a PTV Hub to talk to our team.

Planning your trip

TravelSmart Maps are a great way to discover the transport options in your local area.

Many other local governments and universities have their own TravelSmart Map. To find another TravelSmart Map, visit: vicroads.vic.gov.au/activetravelmaps

The PTV app is another good reference that is constantly being refined with additional real-time data. For more information: ptv.vic.gov.au or call **1800 800 007**.

Google Maps can also be used to help plan your trip on public transport, by bike or on foot. Both the website and app allow you to easily compare times for a range of different modes.

However bike directions in Google Maps do not necessarily favour formal or informal bike routes and they carry the disclaimer to "use caution – cycling directions may not always reflect real-world conditions."

Metro Tunnel

Traffic changes

Domain Road between St Kilda Road and the western edge of Edmund Herring Oval will be closed for approximately five years.

St Kilda Road has been reduced to one lane in each direction, to enable tram, bicycle and pedestrian access to be maintained throughout construction of the new Anzac Station.

Bike diversions during construction

St Kilda Road will have a bike lane in each direction throughout construction.

Public transport changes

From 6 April 2018, Domain Interchange will no longer be in use.

Following removal of the interchange, tram services to Swanston Street and William Street will be maintained through the creation of a temporary tram stop on St Kilda Road, north of Park Street and two new permanent tram stops, on Park Street, South Melbourne, and on St Kilda Road at the corner of Toorak Road West.

There are two types of public bike share.

Melbourne Bike Share (blue bikes) have dedicated bicycle parking called docking stations as shown on this map. Borrowers return bikes to any docking station at the end of their trip. For information and to subscribe to Melbourne Bike Share visit melbournebikeshare.com.au

Dockless bike share programs don't have docking stations. Dockless bike share users must park their bikes so they do not obstruct access for people walking or travelling along the street. Users are asked to use public bicycle parking rails but they may park near them. For more information on dockless bike share see portphillip.vic.gov.au/bike_share.htm

Car share gives you convenient 24/7 access to over 150 cars in Port Phillip with others in the CBD and adjacent areas.

To see a map of car share locations in Port Phillip, visit portphillip.vic.gov.au/car_share.htm

Some Port Phillip residents rent out their cars through Car Next Door, a neighbour-to-neighbour car sharing service. You can borrow local cars by the hour or day, with full insurance and instant online booking.

There are two community bus routes, marked on this map as CB1 and CB2.

Residents may use the bus for their everyday needs such as travelling to shops, libraries, community centres, medical appointments or to take part in social activities offered through the many community support organisations in Port Phillip. The bus routes include:

Uber is often referred to as ride share because Uber drivers use their own unmarked vehicles. Sheba is similar but drivers and adult passengers are female. These services are booked by using an app and setting up an online account. For more information visit uber.com and sheba.com.au

Taxis, Uber and Sheba

South Melbourne Market; Middle Park and Albert Park Village; Bay St, Port Melbourne; Carlisle St, Balacava.

Timetables are available online, at all Port Phillip libraries and ASSIST Centres, community centres and at the community buses.

Access and mobility

Trains

Most metropolitan train stations (except Heytington Station) are accessible for passengers using mobility devices. At some stations, due to steep ramp gradients, assistance may be required.

Metropolitan trains are accessible. Passengers who require boarding assistance should wait at the boarding point located near the end of the platform in the direction of travel. The train driver will deploy a ramp at the first door of the first carriage. It is important to tell the driver your destination. You can write this on a sticky note which the driver can provide. The driver will provide a ramp at your destination.

Trams

There are over 165 low floor trams on Melbourne's tram network that offer step free boarding from level access stops. Board the low floor tram through the door with the accessibility symbol

on it, this door provides access to the allocated space for passengers using wheelchairs or mobility aids. When you want to get off, press the button with the accessibility symbol on it. This will let the driver know you are getting off and may need the doors open for a bit longer.

Buses

More than 80 per cent of Melbourne's bus services are wheelchair-accessible on weekdays. Most bus services are wheelchair-accessible on the weekend and public holidays.

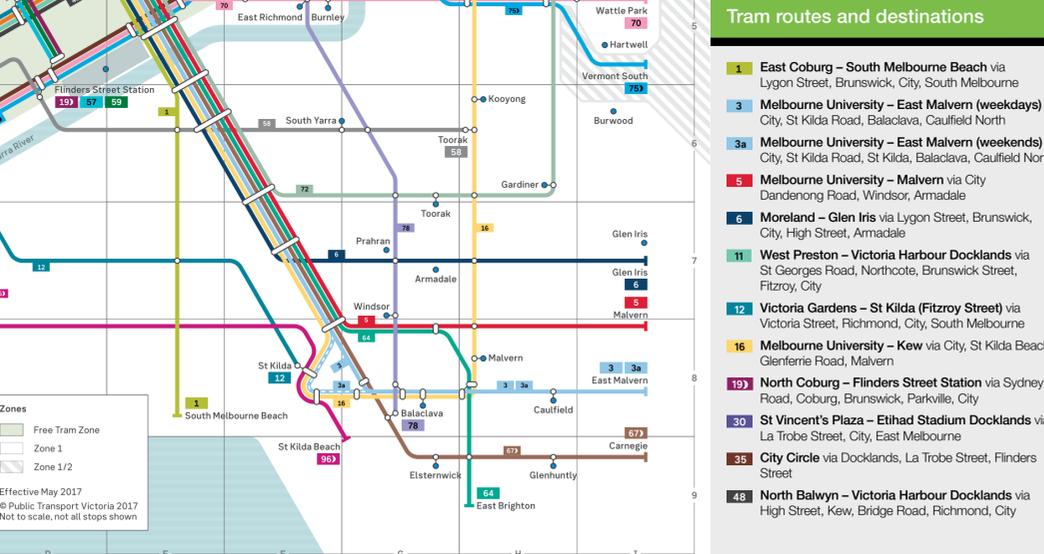

Some bus routes are fully wheelchair-accessible and others are partly wheelchair-accessible. At the stop, the bus driver places a ramp between the front door of the bus to the kerb of the road.
