PURPOSE

This report proposes to delegate to the Manager City Development powers to enable specific activities to be undertaken during the period of time between the last Council meeting of 2017 and the first Council meeting of 2018.

I. RECOMMENDATION

That Council:

- I.1 Delegate to the Manager City Development the power effective for the period 14 December 2017 to 7 February 2018 only:
 - I.1.1 To provide comments to the Minister for Planning where the Minister is the Responsible Authority for a statutory planning application.
 - I.1.2 To instruct Council's Statutory Planners and/or Council's solicitors in relation to any application for review lodged with VCAT.
 - I.1.3 To determine planning permit applications or amendments or requests for extensions of time to planning permits within the Fishermans Bend Urban Renewal Area including applications relating to accommodation.
 - I.1.4 To determine planning permit applications that exceed six storeys in height in the area covered by Sub Precinct 2 in Schedule 26 to the Design and Development Overlay in the Port Phillip Planning Scheme, for the St Kilda Road North Precinct.
 - I.1.5 In relation to the St Kilda Seabaths to determine all land use, design and structural matters, including amendments and secondary consents to the approved Seabaths Development Plan

- 1.2 All determinations made during the period 14 December 2017 to 7 February 2018, will be reported to Council in the December/January Planning Delegations Council Report

2. BACKGROUND

- 2.1 The final Council meeting for 2017 is being held on Wednesday 13 December 2017. In accordance with Council's recently adopted timetable, the first Ordinary Council meeting for 2018 is scheduled to be held on Wednesday 7 February 2018.
- 2.2 During this period where there are no formal Council meetings scheduled, Council may be required to provide comments to the Minister within a specified time period and / or be required to negotiate a settlement or respond to an appeal where a permit applicant has lodged an application for review with VCAT. Council may also be required to make a decision in relation to planning permit applications or amendments or extensions of time to planning permits within the Fishermans Bend Urban Renewal Area, St Kilda Road North Sub-Precinct 2 and in relation to the St Kilda Seabaths.

3. KEY INFORMATION

- 3.1 Where the Minister for Planning is the Responsible Authority, the Minister may request Council to provide comments on an application that he has received. The time period for a response is normally within 28 days.
- 3.2 In this situation, standard practice is that officers present a report to Council and Council agrees on a position and authorises the Manager City Development to act on Council's behalf.
- 3.3 However a request from the Minister may be received at a time where the 28 day period for response from Council will expire prior to the next meeting of Council on 7 February 2018. Therefore to protect Council's interests a delegation is requested to the Manager City Development to provide comments to the Minister and to instruct Council's Statutory Planners and / or Council's solicitors to act on Council's behalf.
