

## **Item 9.1 Draft Positive Ageing Policy 2023-27**

---

### **Questions from Jennifer Edge:**

1. Are there options for the community to receive hard copy material to be able to participate in 'have your say'. (For those who don't have access to computers or the internet)?
2. The disabled car spaces in Shakespeare Grove Car park, closest to the pedestrian crossing, public toilet and the beach have been removed. What was the reason for the removal and what community consultation (if any) occurred?

### **Responses:**

1. Council has recently introduced a monthly newsletter that is emailed to subscribers of Have Your Say. Members of the public who do not have access to receive this newsletter digitally can register to receive hard copy newsletters. This can be requested by contacting Councils assist team on 03 9209 6777. The stakeholder engagement team can then organise for hardcopy newsletters to be sent out and reply paid envelopes provided to participate in projects of interest to community members.
2. The disabled car space in Shakespeare Grove Car Park was temporarily removed for the recent Melbourne Water sewer upgrade works. It has however not been re-instated after the completion of the works. A work order has been issued to re-install the space as soon as possible. It is expected to take 2-4 weeks to complete (anticipated for late March, early April 2023).
