Contribution ID	Date Submitted	Q1. What do you value about Elwood Foreshore?
231	49 Aug 16, 2020, 11:15 PN	Openess, clear views & plenty of trees Great cycling track and walking path.
		Wide open spaces to kick a ball.
231	48 Aug 16, 2020, 11:14 PM	Places to sit and enjoy the outdoors. Loved the kids park beside the restaurant when my kids were younger (we ate dinner while watching them play at least once a week!)
231	47 Aug 16 2020 10:49 PM	The open space with the water. The use of the beach for walking, swimming, contemplating and using the beach related clubs. Angling, life saving and sailing.
		The water based clubs are giving clubs that make Elwood foreshore and Elwood home to me. I greatly value the skills, knowledge and comradery that the water based clubs of Elwood has given my family. Elwood wouldn't be the same without them. They have been such an integral part of Elwood in the past and every
231	46 Aug 16, 2020, 10:21 PN	effort should be given to ensure they remain and grow into the future.
231	45 Aug 16, 2020, 09:57 PN	Walking path and green spaces to walk with my dog. Open spaces. Trees and grasses areas. Beach well maintained. Need to manage rising sea levels and protect beach and Elwood community of the effects of climate change.
231	44 Aug 16, 2020, 09:52 PN	Low-key and local feel with lots of open space, non-commercial atmosphere. Great park for family BBQs and lots of opportunities for the local community to come together.
231	43 Aug 16, 2020, 09:13 PM	
231	42 Aug 16 2020 09:03 PM	With a new furry addition to the family we are most grateful for the March to November window for dogs to be allowed on the beach and appreciative that even in summer there are a few hours at either end of the day we can also walk the dog on the beach. I do however think at least one or two stands with dog poo bags available would be excellent! I've found myself picking up other people's dog poo : (on the sand just because I don't want us to be banned from using the area.
231	41 Aug 16, 2020, 07:45 PN	Nice traditional, relatively unadulterated open space where I can have a swim, a walk on the beach, relax on a grassy patch and in the shade of the bushes, have an ice cream, an occasional restaurant meal. I have been enjoying Elwood foreshore for the past 28 years, and like it as it is. The openness.
		To be able to walk, run or ride along beside the beautiful bay. The sporting facilities which I use (in particular croquet and tennis).
231	40 Aug 16, 2020, 07:31 PN	there is room for organised and passive activities to take place at the same time.
		* Paved walking areas * Seating or park benches
		* Picnic tables * BBO areas
231	39 Aug 16, 2020, 06:48 PM	* Coffee/Food kiosks
231	38 Aug 16, 2020, 06:47 PM	The pathway along the beach - love walking along here at all times of day, days of week and in all weathers. Grassy area next to the pathway is also good during COVID to ensure you can keep your distance from people when it is busy. The area outside the Sailing Club for the annual ANZAC Day service - this is a really moving ceremony each year. Could be more benches on the grass to sit and read. I also love the historical artworks on the pier showing Elwood/St Kilda etc in years gone by. I also love the historic kiosk - this must be retained as it is unique.
		Open space A place to exercise or contemplate
		Enjoy nature
231	37 Aug 16, 2020, 06:20 PN	Socialise
231	35 Aug 16, 2020, 06:09 PN	
		what I value is the natural environment with bike and walk paths. It would be good to have some exercise equipment equipped along the shore for people to use. Have a permanent ice-cream shop/cafe open all year round, other than one expensive restaurant. It should be more family orientated rather than for events and functions or people who can afford to have an expensive meals Noticed that there are more and more children being on the beach or riding bikes with parents. Ice cream shop would be good. Perhaps have family fun run along the bike path once or twice a year during summer. Have some kind of activities that a family can
231	34 Aug 16, 2020, 05:36 PN	enjoy. Can consider farmers market to be held there rather than in Elwood high school. Set up for volleyball games on the beach. Maybe a place to hire a sun tent, deck chairs, umbrellaetc.
231	33 Aug 16, 2020, 04:19 PN	The Elwood Angling Club is an extremely enjoyable place to meet like minded people & socialise. E A C teaches people how to fish & look after the enviroment so it is a good place to meet. EAC do voluntary work to help others. I also enjoy walking along the foreshore
231	31 Aug 16, 2020, 02:18 PN	Ability to swim in clean water, beach with no rubbish, kick the footy, not as busy as St Kilda or Brighton
231	29 Aug 16, 2020, 01:42 PM	The openess to the ocean, access to the foreshore, the community groups and the park land.
231	28 Aug 16, 2020, 01:13 PM	
		I like that it's not over commercialised and not full of backpackers like in st kilda. It is a charm to it that think the community really enjoy. I value the space there and the natural environment that doesn't feel too forced.
231	23 Aug 16, 2020, 09:04 AN	Availability, open spaces, cleanliness Ability to have a wide view of the bay and surrounds
		An opportunity local schools have in being able to engage with the bay
		Various sporting facilities and ability to engage in sport by the bay Various venues
		Close to working areas so sport can be undertaken after work Close to cafe, bar, restaurant, retail vicinity
		Close proximity parking
231	18 Aug 15, 2020, 08:01 PN	It's simplicity, not overdeveloped thus not taking away from the very close by retail, food precincts

23117 Aug 15, 2020, 06:56 PM	access to open space by the water to walk the dogs, connection with nature
23116 Aug 15, 2020, 06:34 PM	wide open green space, uninterrupted views, minimal overdevelopment
	- Clean beaches
	- Separate bike and pedestrian paths
23115 Aug 15, 2020, 06:31 PM	
	I value the beach pathway, especially the separate pedestrian and bike paths. I love the green spaces too and having clean beaches. It is a very nice community that feels accepting of all. Also allowing well-behaved dogs to use the beach when it isn't peak season (I'm not a dog owner, I just love seeing them loo
23114 Aug 15, 2020, 06:31 PM	
	Meeting place Chill out and watch the sea
23111 Aug 15, 2020, 02:16 PM	
23110 Aug 15, 2020, 01:05 PM	Nature and natural beautynee, clean beach, family atmosphere
23109 Aug 15 2020 12:47 PM	Not overdeveloped, open natural park areas, limited parking to avoid natural areas being impacted, limited business' / clubs operating - overall local feel of the area
20100 / 10g 10, 2020, 12:47 / 11	
23097 Aug 14, 2020, 01:41 PM	I love the old buildings the history and connection to water, sailing fishing etc
23095 Aug 14, 2020, 11:35 AM	No encroaching housing. Old trees. Garden beds. Almost a real beach.
23093 Aug 14, 2020, 09:32 AM	The outlook across Port Phillip Bay, the room to move and walk about, the feeling of space opening up in contrast to the medium density development of Elwood itself, the gatherings of people (when we aren't in lockdown due to a pandemic) at leisure, enjoying and relaxing in this public amenity.
	LFK kinder and the bush walks that the kids do
23092 Aug 14, 2020, 08:43 AM	The beach
	Lovely beach and running trail
	Open space
	Old school community vibeeg ice cream trucks, sailing club
22000 Aug 12 2020 06:42 BM	Freedom for many different groups to gather Not too crowded and busy (eg st kilda)
23090 Aug 13, 2020, 06:43 PM	Nor too crowded and busy (eg.st. kiida)
23088 Aug 13, 2020, 04:08 PM	Open space, the beach, easy parking and pleasant views & experience
23087 Aug 13, 2020, 04:01 PM	Life saving club and Elwood bathers.
	We are very involved in Nippers and love its proximity to the shore for training and running the sessions - Nippers is uniquely-Australian not being offered in any other country and fostering new life savers and enhancing water safety and awareness in children - I believe it is one of the most important establish
	foreshore and requires urgent maintenance to ensure this can safely and more easily continue doing great work
	We also have started cold water swimming which has been a life saver over the lockdowns
	· · · · · · · · · · · · · · · · · · ·
	The sailing club has been the scene of many memorable events for us
	We do outdoor bootcamp near the pavilion - all year round which is amazing- I hate indoor Gyms so this is the best way to get exercise in a group
23086 Aug 13, 2020, 01:58 PM	Our kids both train and play footy at WW oval
23085 Aug 13, 2020, 01:37 PM	The openness. The cleanliness of the sand.
22084 4	
23084 Aug 13, 2020, 01:37 PM	The beautiful stories from local residents along the footpaths, foot and bike paths and sand areas
23083 Aug 13, 2020, 12:48 PM	It is the primary point of access to the foreshore for me. It is quite welcoming and, of course, popular. I use the foreshore almost every day for swimming (in the season,) cycling and walking.
23082 Aug 13, 2020, 11:32 AM	Not so busy The ability to walk/run along the beach. I've been doing it every day for 30 years.
23081 Aug 13, 2020, 10:07 AM	Not much as charged during that time!
23080 Aug 13, 2020, 09:42 AM	ability to enjoy the water by walking, swimming, etc
23078 Aug 12, 2020, 11:03 PM	Mixture of uses sports clubs, dining option, community engagement with the kinder, scouts and life saving club
23077 Aug 12, 2020, 10:16 PM	
	the following: parkiand

23072 Aug 12, 2020, 02:50 PM 23070 Aug 12, 2020, 01:06 PM 23065 Aug 12, 2020, 09:56 AM	Community space community family non crowded space It's a great place for locals, and less busy then other bay beaches. It's also clean and is used by some great clubs. It's low key. It's not trying to be a major tourist attraction- leave that to st kilda and brighton who have space. It is low tech, low glitz and local.

23062	ug 11, 2020, 09:28 PM Open space to exercise, access to the beach with parking options (although overpriced and all day restrictions).
23061	ug 11, 2020, 08:59 PM Walking the dogs and the beauty it provides
23060	ug 11, 2020, 08:29 PM It has a lot of cool wildlife both underwater and above water and is a beautiful open space for us to come to to exercise and enjoy
23058	ug 11, 2020, 05:44 PM The beach and the surrounding parks. The walks, runs along the foreshore paths.
23057	ug 11, 2020, 05:20 PM
23054	ug 11, 2020, 11:58 AM Wide walking paths. Wide clean beach. Doggy play ground. Cafe and icecream . Cafe accessible from the beach.
23052	ug 11, 2020, 07:49 AM its openness and availability, family friendly & accessible to all. Plenty of car parking usually available
	ug 11, 2020, 03:09 AM It's a lovely natural space for residents in Elwood, friendly and promotes a healthy lifestyle. I love that there is a terrific licensed cafe like Elwood Bathers down there.
	ug 10, 2020, 10:57 PM That it's not over built and has lots of space
	ug 10, 2020, 10:32 PM Direct access to the beach to walk and cycle, accees to toilets and to cafes/ ice cream trucks, drinking fountains,
	ug 10, 2020, 09:54 PM Eating and drinking and socialising by the water
	ug 10, 2020, 08:24 PM Good parking, lots of wide open space, and it's nice to have options to dine out right on the beach.
	ug 10, 2020, 07:02 PM Clean and open. People use it for a diversity of reasons; exercise, catching up with family and friends, walking their dogs. It has a nice community feel about it.
	ug 10, 2020, 06:37 PM
	ug 10, 2020, 06:25 PM the open green spaces so close to the water
	ug 10, 2020, 06:14 PM The playgrounds and picnic facilities. Also the landscaping around the beach.
	ug 10, 2020, 06:05 PM The open space
	ug 10, 2020, 05:24 PM Open space, playing fields and access to beach and bayside cycle and walking tracks.
	ug 10, 2020, 04:58 PM Parking by the seafront is included in the foreshore permit.
	ug 10, 2020, 02:39 PM The long sandy beach, the path and walks along the foreshore.
	ug 10, 2020, 01:46 PM Walking, running along the foreshore in the early AM before it gets too crowded. The ability to duck down and have a quick dip when the conditions are good.
23026	ug 10, 2020, 12:44 PM The open spaces, the freedom to move between spaces easily. That a good mixture of activities and spaces is within walking distance.
23024	ug 09, 2020, 11:12 PM Accessibility, diversity of community uses, natural environment
23023	ug 09, 2020, 10:00 PM Wide beach. Open grassed spaces. Place to meet friends. Great space to swim / run.
23022	ug 09, 2020, 05:04 PM Elwood Bathers, the water, the sand, being able to run along it, the sailing club, lifesavers being on hand.
23021	ug 09, 2020, 05:02 PM It is kept clean, however would love to see the seaweed taken away when it builds up. The park areas within the foreshore.
23020	ug 09, 2020, 03:32 PM That it's not too built up or commercialised. My daily walks there feel like I'm actually in nature away from traffic
	ug 09, 2020, 01:48 PM Beach
23018	ug 09, 2020, 01:26 PM The fact that it is natural and unspoilt by architects
23017	ug 09, 2020, 12:46 PM Open space. Mix of grass areas and sand. Toilet facilities. BBQ facilities. Space to gather with friends.
23016	ug 09, 2020, 12:01 PM Walking and cycling paths, scenery, beach.
23015	ug 09, 2020, 11:10 AM Native vegetation and open space!
23014	ug 09, 2020, 10:58 AM Relaxed feeling similar to to a country town yet so close to the city.
23013	ug 09, 2020, 10:38 AM Good community facilities in an easy to access beach location
23012	ug 09, 2020, 10:32 AM Lots of parking
23011	ug 09, 2020, 10:12 AM As the Elwood Park Tennis Club, we value the tennis courts and associated facilities.
23010	ug 08, 2020, 05:26 PM The variety of sporting activities around including little nippers, triathlon, sailing, walking, running, cycling etc.
23009	ug 08, 2020, 11:26 AM

23008	8 Aug 08, 2020, 10:39 AM	Open green space, good access to the beach.
		1. Its family-friendly atmosphere, catering for all ages with its safe beach that enables swimming, water games, SUP, canoeing, kayaking, sailing, fishing, all within easy access, and offering breadth of activity options (ovals for games, running, etc, scenic walking and cycling paths, children's playground, tennis, croquet, life saving, sailing and fishing clubs, and sea scouts). 2. 'Bathers' seems to be a well-managed cafe, and its presence and popularity add a certain 'life' to the precinct; it is a definite drawcard.
		3. Whilst the Foreshore is very close to the city, and to a busy Ormond Esplanade, one has the feeling of being 'on holidays' when there. The somewhat unkempt undergrowth and 'plantation' between the Esplanade and the beach seem to offer a barrier to the sounds and general busyness of passing traffic. 4. Although it is slightly outside the shaded area on the accompanying map, the area between the Sea Scouts and the Point Ormond beacon add to the overall ambience by offering interesting views of the city (or Brighton Yacht Club, depending on direction of travel) and plenty of visual interest on the beach, and in the wate
		- there is always something going on - as we walk or ride along the respective paths. 5. The classes that are held for community members often spill out onto the lawns in front of the Sailing and Angling Clubs. The Beach Fitness classes especially do this, adding to the real community feeling.
23007	7 Aug 07, 2020, 05:50 PM	6. The Foreshore is the closest thing to a 'Town Square of Elwood', far outstripping the shopping precinct as the community meeting place.
23006	6 Aug 07, 2020, 02:17 PM	Walking on the beach, views from Pt Ormond, sailing from the sailing club, where I am a member.
2300	5 Aug 07, 2020, 10:11 AM	Uncluttered space. It is clean and safe and provides for local clubs and groups to manage themselves and participate in a variety of activities. Gardens are well tended. It is not overdeveloped.
23004	4 Aug 06, 2020, 09:16 PM	Elwood foreshore's retains a natural feel, unlike many beaches in Port Phillip. It has plenty of green space, trees and is not dominated by the road. We love Elwood beach - please don't overdevelop it!
23003	3 Aug 06, 2020, 04:30 PM	clean beaches and clean water and trees
		We use the Elwood foreshore regularly, primarily for running, riding, walking the doc and swimming. The key features that we value are (i) good quality water and sand, (ii) safe paths for walking and riding, (iii) good quality stops for coffee or meals.
		One of the key problems is a lack of co-ordination with Bayside Council which has resulting in the portion of the foreshore south of Head Street being a 'poor cousin' to the northern section, with less sand + poor cleaning practices.
23002	2 Aug 06, 2020, 02:08 PM	The prohibitions of dog walking are also over-the-top and prohibitions should be limited to times when the beach is likely to be busy with swimmers.
2300:	1 Aug 06, 2020, 12:31 PM	being able to walk along the beach with my dog. Greenery. Being able to escape from the hustle and bustle of the city
23000	0 Aug 06, 2020, 12:13 PM	Open spaces, passive recreational spaces, playgrounds and community sporting facilities, used and accessible to locals of all ages. Clean beach and well maintained foreshore precinct. Swimming area patrolled by lifesavers.
22999	9 Aug 06, 2020, 12:05 PM	Space and passive open areas with easy access for locals. Clean well maintained beaches. Walking paths although they need to be wider
22998	8 Aug 06, 2020, 09:51 AM	Nicer beach than St Kilda, good recreational facilities, community/village feel, development so far has been good but needs to go further.
22997	7 Aug 06, 2020, 08:09 AM	The easy access to the beach and its long child friendly boardwalk. Elwood bathers and the playground.
22996	6 Aug 05, 2020, 09:51 PM	The ovens and parks around there. The wide areas for people to relax near the beach and the bike paths and walk paths. Ability to be used for multiple purposes, eg transition swim to ride to run.
		Showers. Proximity of parking to the beach, ie easy access to carry my surf ski down to the beach.
22995	5 Aug 05, 2020, 09:36 PM	Able to grab a coffee with friends or a bite to eat.
		Grassy areas to do exercise Beautiful swimmable beach
		Fantastic surf life saving club Great race venue for triathlons
22994	4 Aug 05, 2020, 05:10 PM	Occasionally great coffee depending who owns the cafes at any point in time I am a member of the angling club and the sailing club and strongly support these. I also support all the other non-commercial clubs including the scouts, life savers, tennis and other sporting clubs.
22993	3 Aug 05, 2020, 04:00 PM	I also value the beach which I frequently use for swimming, subathing and dog walking.
22992	2 Aug 05, 2020, 01:22 PM	The sea, greenery and a relaxing vibe for all.
22988	8 Aug 05, 2020, 12:33 PM	So close to the city and so beautiful.
2298	7 Aug 05, 2020, 08:51 AM	The Elwood Angling Club
22986	6 Aug 04, 2020, 10:14 PM	Out door space, good parking, clubs and activities, walking spaces, Views. People getting fit, Sporting events, Parking with my girlfiend 30 years ago, eating fishing and chips on the beach with my mum 40 years ago. Catching whiting off elwood, catching snapper off the brighton breakwater. catching squid near the brighton breakwater. Sailing shapper off the elwood beach. Sunsets. The Pine trees along the beach, the cafe up the end. Bike path and jogging along the foreshore when i was much younger,
		Green space, light and views of the sea
	4 Aug 04, 2020, 08:39 PM	
		Access to clean beach and walkways
		The beautiful space for our family and dog to be healthy. Spending time with friends and community. Feeling that the children are safe and enjoying be back to nature.
		The fact it is there, open to the public and that it caters for families, bathers, strollers, joggers, cyclists.
-		green space that isn't allocated to sporting codes.= free green space.
-		Natural elements: vegetation, birdlife and topography Constructed elements: the Canal and its bridges
		The view & the beach & fresh air
		Space, walking, restaurants clubs
2297	3 Aug 04, 2020, 12:13 PM	The unrestricted open space - from the oval (Head Street) to the beach front. This is invaluable to Melburians; not just the people of the City of Port Phillip.

22972 Ai	ug 04, 2020, 10:04 AM	The variety of activities in a beach setting. Feels like a community hub.
22971 4	ug 04 2020 09:06 AM	It's underdevelopment and no tall buildings, it's clean and quiet and just a nice little spot.
		I think it is not that inviting to be frank.
22969 Ar	ug 03, 2020, 08:42 PM	Its natural beauty and open spaces beside the sea.
22968 Ar	ug 03. 2020. 06:34 PM	Easy access to the beach, walking and riding track.
	-	
		Accessible public open space, indigenous vegetation and fauna, places for local clubs relevant to the sea
22964 Au	ug 03, 2020, 02:19 PM	The beach It's relative lack of development and the fact that what is there (by and large) services community interests such as fishing, life saving etc. I enjoy the amenity of the wide grass embankments and of course the hill with its refurbished little wooden structure! The views across the bay are great. It has a strong sense of
22963 Au	ug 03, 2020, 12:25 PM	community ownership with the potential to be used in numbers of ways.
22962 Au	ug 02, 2020, 10:03 PM	The majestic expanse of the bay and the ability to interact with it personally by utilising either walking pathways or bike pathways or just viewing it with changing weather conditions.
22961 Aı	ug 02, 2020, 09:35 PM	Beautiful beach and boardwalk
22960 At	ug 02, 2020, 12:45 PM	Beach, BBQs walking paths and gardens
22959 At	ug 02, 2020, 12:37 PM	BBQs, walking paths, beach healthy environment
22958 Ar	ug 02, 2020, 12:26 PM	love the space and the vast green love the sweeping views across the playing fields to the beach without being interrupted by high buildings. love the walk along the beach all the way to St Kilda.
	-	Natural beauty and absence of manicured spaces. Simplicity and access for all to enjoy the space free of charge.
		Catery for forces of an occupy in especia ice of energy. Catery for forces
22957 Ar	ug 02, 2020, 11:19 AM	A small number of quality eating options. That it is not a 'draw card' location and therefore does not attract lots of people from outside of the area.
	-	Cycling and recreational spaces
	ug 02, 2020, 10:04 AM	
	ug 01, 2020, 08:58 PM	
		The mixture of activities and clubs on the foreshore.
22952 Ar	ug 01, 2020, 05:51 PM	The simple nature of it. Open space to enjoy the fresh air and views of the bay, not much to it. Simply lovely
22951 Ar	ug 01, 2020, 04:26 PM	Elwood foreshore is an amazing location which enhances the appeal of Elwood. The most valuable aspect of the foreshore, currently, is the large expanses of open law and pedestrian friendliness.
22950 Ai	ug 01, 2020, 03:23 PM	Quite open public space that is welcoming and accessible. Elwood is a quite family oriented beach and should maintain and enhance that experience. St Kilda beach is a commercial operation that is more likely to exclude than include families.
22949 Ar	ug 01, 2020, 12:26 PM	clean beaches, walking and separate cycle tracks, coffee pavilion.
22948 Ar	ug 01. 2020. 08:37 AM	All the green space and nature, cleanliness, areas to walk/bike ride, in good condition
22947 Ju	al 31, 2020, 11:39 PM	Topless bathers
22945 Ju	ul 31, 2020, 11:27 AM	Green space adjacent to beach access. Foreshore trails.
		Grassy area and sandy area in one spot.
		Lots of shade (trees) and areas for picnics/eating food.
22944 Ju	ul 31, 2020, 11:03 AM	BBQs and facilities to encourage community interaction.
22943 Ju	ul 31, 2020, 11:00 AM	
	ul 31, 2020, 10:36 AM	The walking tracks, abundance of recreational activity (SUP, nippers, small group fitness etc.), visiting Point Ormond, playgrounds close by, that there's a place to get a drink and quality food, without an overload of hospitality infrastructure, that it's not overrun by tourists and visitors, that it's clean and safe.
22941 Ju	ul 31, 2020, 09:57 AM	It's fabulous amenity for all. The connection with nature. The open space. The opportunity for physical and recreational activity.
22940	ul 31, 2020, 09:33 AM	It provides a large open space both passive and active for the residents of Elwood and visitors. It has a place for organised sport and basic non organised recreation, dog walking, kids runnng and jumping etc. It allows visitors to the area to access the beach. The sailing, fishing and croquet clubs provide social and recreational spaces for locals and others from outside the area.
	ul 31, 2020, 09:35 AM	The ability to go sailing and engage with fellow sailing club members and friends
	ul 31, 2020, 05:33 AM	All of the recreational activities available: SUP boarding, Tennis, Wellness, sailing etc fantastic. And of course you need a lovely restaurant and a funky cafe to accomodate those places. You can see that when the Wild Gypsea Wellness centre and cafe opens, its going to be fantastic for the area and complete what Elw has been missing out on for so long!
		Greenery, nature and space to be outside. The walking and bike tracks and bush for kids to play in.
		Public toilets, showers, juic havers, purchase food. Community grass area
22935 Ju	ul 30, 2020, 10:12 PM	The variety of spaces for a whole variety of activities Close to home
		Access to port Philip bay
		Walking and bike paths
	120 2020 55 55 55	Foreshore vegetation (native flora and fauna)
22934 Ju	ul 30, 2020, 09:52 PM	Open space and views

22934		The open space. Not crowded.
		I value the community spirit and that Elwood Beach feels local and tucked away, unlike St Kilda that feels overrun with day trippers who do not respect the community.
		l use the foreshore every day. I swim all year round with my swim group Elwood Aquatic - 152km since December. My three children play there. My wife and I exercise there. It's vital to our wellness, our connection to community and our ocean.
22930	0 Jul 30, 2020, 09:16 PM	It's clean, easy to access and not too crowded. Swimming all year round. Kids playing on the beach.
		The area is clean and well utilised by the general public
		Public services along the beach front including my daughters kindergarten that centres its curriculum around conservation along the foreshore.

22926	6 Jul 30, 2020, 06:47 PM	The foreshore is a recreation space for all people and not just for Port Phillip residents. It gives people an opportunity to appreciate the sea, the sky and weather conditions. It is a space to walk, paddle, swim, sail, eat and ride along the Bay Trail.
		The beautiful beach and great place to swim (I swim there 5 times per week), the great car park and how easy it is to access by car or on foot.
		I value that there's a toilet block near by.
		I value that it's open to dogs during the winter months.
	5 Jul 30, 2020, 06:21 PM	I value that it's a great place for walkers, bike riders, families and avid keen swimmers like myself.
22924	4 Jul 30, 2020, 06:16 PM	The beach, the open spaces, the community facilities
22927	3 Jul 30, 2020, 05:12 PM	Natural surrounds, beach, serenity
		It caters for all types and ages - swimmers, walkers, runners, bike riders, bbqers, life saving etc.
		It is well maintained and easily accessible.
	2 Jul 30, 2020, 04:03 PM	It has the occasional food/ice cream van which is great.
22921	1 Jul 30, 2020, 03:46 PM	
2292(0 Jul 30 2020 03:36 PM	Grass areas, walking paths, family friendly, dogs areas
		The ability to walk and bike ride and be next to the water.
22918	8 Jul 30, 2020, 03:27 PM	Space - fresh air - casualness - freedom
22917	7 Jul 30, 2020, 03:16 PM	being able to walk along the beach and foreshore area, a well maintained buzzy area, with not too much dedicated car parking so we dont get flooded by the tourists. Parking is used by beach goers and sports.

22916	0 Jul 30, 2020, 02:24 PIVI	clearly the Beach is the main attraction, I'm apart of a large swimming group Elwood Aquatic and we swim all year around rain hail or shine in just our bathers, other than a cold out door shower that we wash the sand off our feet for the layman or local unfortunately it doesn't offer us any more than that.
		Beach , walking & bike tracks.
22915	5 Jul 30, 2020, 11:54 AM	Dog leash free zone
		The community, the wide walking path, the ramps to beach, the bbg area the grassy patches, the wide expanse of beach,
		The reprieve from the built environment
		It's a great place to walk, walk your dog, chat to people, watch the sunset and have a meal while looking at the water
22911	1 Jul 30, 2020, 11:06 AM	I value the walking paths along the foreshore, the amenities of toilets, the rotunda cafe and the restaurant (one of the few restaurants with bay views. The open spaces, the vegetation, the fresh air and meeting friends out walking.
		Open spaces and mix of uses.
	9 Jul 30, 2020, 06:35 AM	
22908	8 Jul 30, 2020, 03:35 AM	
22907	7 Jul 30, 2020, 12:07 AM	best swimming beach close to the city (there are closer ones, but the water quality is not as good)
2290/	4 Jul 29, 2020, 09:44 PM	Green and natural. Please don't make it into a concrete low maintenance sterile place.
		The uninterrupted beachfront views, open green spaces, plenty of room for pedestrains, sun-bakers, families and cyclists.
		I value the Elwood foreshore for being a relatively quiet piece of COPP I love the structures already there we need to keep this in place unlike the monstrous Ugly concrete buildings of st Kilda eg stoke house
22900	0 Jul 29, 2020, 08:27 PM	The views across the water, the relatively undeveloped areas. Places to see the sunset. Bike and ped paths.
		Open space, opportunity to meet with friends, quiet compared to the hoards of tourists in st Kilda. Opportunity to walk/cycling/scoot/run with family in a safe environment.
		As a place of personal recreation that includes a lovely view
2200	8 Jul 29, 2020, 06:14 PM	
22898	8 JUI 29, 2020, 06:14 PIVI	Original buildings from a bygone era
		I value the peace and serenity of the Elwood Foreshore.
		I am currently playing croquet three days a week, and I find the view overlooking the sporting grounds to the sea very refreshing and relaxing. It is lovely to be in a place that is tranquil.
2280-	7 Jul 29, 2020, 06:11 PM	In warmer months I often walk along the foreshore itself enjoying the summer breeze and watching the waves come in.
		open spaces are great for people.
		Relatively clean, safe beach for the community. Lovely walking tracks with plenty of open spaces.
		The diversity of facilities, from parks, to playgrounds to sporting fields and tennis courts, and to the scouts, angling club, sailing club and lifesaving club.

		Nothing, I don't live there, it does not interest me. My area interests me where the Council spends nothing. Clean street bins, repair nature strips, pick up rubbish like branches from nature strips, repair pavements.
		Our rate money is very high but nothing is spent on our area to make it a nice place to live.
22818	Jul 25, 2020, 09:12 AM	Spend our rates cleaning up our area. Park street, Wells Street Coventry Street, Stuart street, Dorcas road, Bank Street etc.etc.
22817	Jul 25, 2020, 08:36 AM	It's ability to have access for running and walking without traffic. It's also a beautiful spot for sun sets.
22816	Jul 25, 2020, 08:28 AM	It's not overdeveloped or touristy
22815	Jul 25, 2020, 07:57 AM	Well organized used for walkers and riders
22814	Jul 25, 2020, 07:51 AM	The memories it brings, of those days at the beach with my late parents.
22813	Jul 25, 2020, 07:22 AM	The natural spaces and vistas, connection to the sea and fresh air. I use the bike lanes and footpaths regularly
		I live opposite the foreshore so it's an amazing inner city slice of beach life.
22812	Jul 24, 2020, 11:17 PM	The facilities are well maintained and nice surrounding parklands.
22811	Jul 24, 2020, 10:25 PM	Grass areas, Elwood bathers, ELSC, yacht club, rock wall and pier
22810	Jul 24, 2020, 10:21 PM	Nature, vegetation, clean sand, clean water, walking paths, bike paths, batural shade, peace, quiet; Especially value the minimal development, local low key businesses suited to the location, parkland, playgrounds, views of the city & bay, open space, revegetation areas, park furniture.
22809	Jul 24, 2020, 10:09 PM	People there are smiley and relaxed. Less tourists than some nearby beaches.
		Green grasses areas and natural planting make the foreshore a beautiful place to be.
		Lighting so I can walk early morning and take in the sunrise.
		A bike path that parallels the walking path for more to enjoy.
22808	Jul 24, 2020, 10:03 PM	The playgrounds.
22807	Jul 24, 2020, 09:31 PM	
		The Elwood foreshore is used for many triathlon events that hold up to 2000-5000 people across; Elwood Beach, Elwood Foreshore, Head Street (Elwood Reserve) and the Elwood Carnival Site. The Footpaths and Cycling Trail are also utilized as a part of the event.
		Not only do operate a business that utilizes this area for triathion sporting events, but I also live 700m away and enjoy running and walking the dog along the foreshore.
		Walking path and the clean beaches
22804	Jul 24, 2020, 07:51 PM	Community feel not touristy like St Kilda
		l love Elwood foreshore. As we are lucky enough to live on Docker Street my family visit the foreshore daily. I love the open space for my children to play and enjoy our daily walks. I like that it's not overly commercial, it's nice to have the small SUP van and Elwood Bather's is fantastic but nothing is OTT. I wouldn't like
22803	Jul 24, 2020, 07:14 PM	additional water sports like St Kilda West has. I also really appreciate the daily cleaning that the council do, our beach is much cleaner than bayside on the other side of the pier.
		Clean beaches, bike/pedestrian path
22801	Jul 24, 2020, 05:45 PM	Lack of development. Nice suburban beach visited mostly by locals and families who come to enjoy the beach. It's mostly peaceful and generally not overly crowded.

Contribution ID Date Submitted	Q2. If the Elwood Foreshore area were a person, how would you describe its personality?
23149 Aug 16, 2020, 11:15 PM	Ever changing mood that reflects the weather
	Friendly.
	Welcoming.
	Great with kids.
23148 Aug 16, 2020, 11:14 PM	A little bit old fashioned.
	I think this is a very silly question.
	The water brings peace and tranquility, storm, rough water. All moods are good and interesting. I don't enjoy people interfering with others enjoyment. People do need to consider others in the use of the beach. Bikes racing by are detrimental. The overgrowth of the teatree area brings bad behaviour. I would like to see any
23147 Aug 16, 2020, 10:49 PM	funds going into basic maintenance.
	The sea is continually changing its mood and is always interesting. It provides a element of peace no matter what the mood of the water is. It has a non caring mood with thoroughfare bike racers pelting through. It also has a dark sinister side with the overgrown scrub which hides many unsavoury activities. The current
	scrub does not reflect the historic open native and indigenous vegetation. The sea can change its mood from a peaceful, tranquil setting to a rough and dangerous place. It is essential that our community be given the opportunity to learn to embrace these moods, to learn how to cope with the sometime quite swift changes
23146 Aug 16, 2020, 10:21 PM	and how to help, as part of the community, others that may find themselves in difficulty.
23145 Aug 16, 2020, 09:57 PM	Friendly. Relaxed. Clean. Open. Natural.
23144 Aug 16, 2020, 09:52 PM	Somewhat frumpy and in need of a bit of a makeover to enhance its true beauty. A bit of an non-caring streak.
23143 Aug 16, 2020, 09:13 PM	
23142 Aug 16, 2020, 09:03 PM	Vibrant, fun, busy, adventurous with a sunny disposition and sometimes quite fragrant :)
23141 Aug 16, 2020, 07:45 PM	Sophisticated, unassuming, not in your face. Softly spoken, down to the point.
23140 Aug 16, 2020, 07:31 PM	Friendly and inclusive. A natural beauty but in need of some tender, loving care.
23139 Aug 16, 2020, 06:48 PM	Welcoming and friendly
23138 Aug 16, 2020, 06:47 PM	Peaceful, thoughtful, tranquil but ever changing (with the weather). Beautiful soul with the sunsets. Inspiring - with the views of the city.
	Elwood is the person I would tell my secrets and successes. Elwood holds them dear and gives me strength and support when I need it most. Elwood also allows me to celebrate and enjoy.
23137 Aug 16, 2020, 06:20 PM	Sometimes Elwood is ready to shine, with clean attire and a good attitude, but people have their bad days and when poorly treated, Elwood can be scrappy, angry and downright ugly!
23135 Aug 16, 2020, 06:09 PM	Presently overwhelmed with people cramped into a small space
23134 Aug 16, 2020, 05:36 PM	A person with charisma and fun
23133 Aug 16, 2020, 04:19 PM	Vibrant & invigorating.
23131 Aug 16, 2020, 02:18 PM	
23129 Aug 16, 2020, 01:42 PM	
23128 Aug 16, 2020, 01:13 PM	
23124 Aug 16, 2020, 09:26 AM	Charming, beautiful and welcoming. But also tired.
23123 Aug 16, 2020, 09:04 AM	
	As a happy person who could do with some additional personal understanding to help it navigate and make the most of today's world and how it can then create a useful, creative and solid foundation into it's future
23118 Aug 15, 2020, 08:01 PM	Finding this question challenging

Socod banes but a lift letterd. Sport, freendly Not all there / disturbed. Sport, freendly Not all there / disturbed. Elwood back has haven't been dragged kicking and screaming into city life. Not all there / disturbed. Elwood back is beautiful and lowing place and needs to remain calm and tranquil and keep its heritage. We do not need the overdevelopment or any development other then to remove the kindergarten and revert back to our community centres where we used to enjoy yoga etc. Col. kindback, fine, sociable.

A little pretentione: - Elwood daystic has 20-40 swimmers using Elwood foreshore beach everyday the earliest being in the dark at 5,30am and we have no facilities, While the other clubs which don't even use there facilities all year round sit there. Even through we have pleaded with 2 of them it has fallen on deaf ears1 Open , free and built up. A little argention. 		Your surveys are pathetic asking ridiculous questions.
		Just let the public write about things that bother them with local Councils.
		Why don't you ask us to write to Council about our local problems that need attention.

Contribution ID Date Submitted	Q3. If you could, what attribute/characteristic of that personality would you change? Why?
23149 Aug 16, 2020, 11:15 PM	Nothing
23148 Aug 16 2020 11:14 PM	I'd modernise it a bit - make it more functional and inject some life (with a new skatepark and a new shaded BBQ area and a new casual cafe with water views)
25140 Adg 10, 2020, 11.141 W	To move make the origination of the origination of the state of the application of the state of
23147 Aug 16, 2020, 10:49 PM	The maintenance of what exists should be increased. Clearing of weeds and undergrowth through teatree and thinning out of that area to discourage unsavoury use.
23146 Aug 16 2020 10:21 PM	The hustle of RACING bikes that refuse to slow down, even where clearly marked, putting at risk other BEACH not thoroughfare uses, in particular children. The situation deteriorated greatly when the bike path was moved to be closer the beach and the sand. We were told, at the time, that this was so the bike riders could have a more scenic view. This is hard to visualise as they race through with their heads down.
23145 Aug 16, 2020, 09:57 PM	Protect the aspects of natural as rising waters could destroy and eliminate this space if not managed well.
23144 Aug 16, 2020, 09:52 PM	Improved self-care - e.g., cleaner landscape, more tidy. Better servicing of public amenities (ensuring sufficient resources for maintenance, such as for the toilets, would be an important area of investment for the future).
23143 Aug 16, 2020, 09:13 PM	
	The smelliness But i think that comes with being near the canal/stormwater drainage etc. the area where The Wattie Watson oval meets the car park is particularly wet, muddy and smelly a lot of the time - perhaps there's a drainage issue there?
	Secondly - The business - it is quite busy on the walkway for runners and runners shouldn't be on the bike path so perhaps considering a running track at one of the ovals or the new development site? Especially as there is a high volume of traffic due to our current pandemic and more people exercising locally, which I believe may be the trend for some time! A separate track would ensure less run ins, frustrations, and be a lot be safer.
	Values of the deal of some time is separate taxes would explore that w
23142 Aug 16, 2020, 09:03 PM	
23141 Aug 16, 2020, 07:45 PM	None. Do not turn it into a St Kilda wannabe.
23140 Aug 16, 2020, 07:31 PM	Tic - I would love to see more care for the landscape and the facilities including clubhouses. That suitable improvements be made to allow for a growing usage of the foreshore.
23139 Aug 16, 2020, 06:48 PM	NA
23138 Aug 16, 2020, 06:47 PM	I actually would not change anything!
22127 Aug 16 2020 06:20 BM	I would like to change the scrappy, angry and downright ugly characteristic. There is no need for such an attitudeeven when the day is dull. With such an amazing outlook to the horizon, Elwood can shine anytime.
23137 Aug 10, 2020, 00.20 PW	with such an amazing outlook to the horizon, Elwood can shine anythe.
23135 Aug 16, 2020, 06:09 PM	Create more possibilities for this person to explore the area with less overwhelm and congestion
23134 Aug 16, 2020, 05:36 PM	Can be a bit more vibrant and lively, but not too loud and noisy
23133 Aug 16, 2020, 04:19 PM	Nothing
23131 Aug 16, 2020, 02:18 PM	Get rid of the bogans
23129 Aug 16, 2020, 01:42 PM	It would be nice to have a proper pier.
23128 Aug 16, 2020, 01:13 PM	
23124 Aug 16, 2020, 09:26 AM	Tired; I think as described in your reasons for undertaking this project it just a little tired in areas. I think in particular the BBQ area near the kids park at the back of Elwood Bathers and the changing rooms need a revamp.
23123 Aug 16, 2020, 09:04 AM	None Lack of including ancient cultures and modern technologies.
23118 Aug 15 2020 08:01 PM	A belief that you need to bulldoze to improve.
23117 Aug 15, 2020, 06:56 PM	disorganised - the foreshore would be significantly improved if it was more cohesive, it's all a bit random at the moment
23116 Aug 15, 2020, 06:34 PM	the parking lot seems very confusing, not that i want more cars there
23115 Aug 15, 2020, 06:31 PM	Would want them to be more concerned about the environment. It's very disappointing to see so much trash along the pathways and in the water.
23114 Aug 15, 2020, 06:31 PM	Not really a personality trait, but certainly the fact that there is a lot of trash that ends up everywhere (although I appreciate that there are lots of bins). I worry a lot about the pollution of the ocean and the amount of plastic I find on my walks. I also think a more robust focus on being conscientious and polite, accessible (sharing the path, etc.)
	Simple - give it a bit more sophistication
23110 Aug 15, 2020, 01:05 PM	Needs a bit of tic

1	I	
23109		I would not change the attributes of the area - I think it is fit for purpose and adds the local character of the area
23097	Aug 14, 2020, 01:41 PM	Oh my gosh! The council employee that wrote this survey needs to change why not ask us how we use the space, what our connection is to it what changes over the years have worked and what has not. Why my kids go to karate in ESC I watch the dolphn on the groin how once a week I take my kids to bbq at the beach how I engage with local groups to pick up rubbish and support the natural plantation becaue I love this space.
23095	Aug 14, 2020, 11:35 AM	It's a place to accomodate personalities, not to have one of its own.
23093	Aug 14, 2020, 09:32 AM	Since Elwood itself is named after a poet, as are nearly all of its streets, the character could also be somewhat of a bard of the beach.
23092	Aug 14, 2020, 08:43 AM	
23090	Aug 13, 2020, 06:43 PM	Not the vibe of the area, just some of the access issues and more updated buildings and facilities
	Aug 13, 2020, 04:08 PM	
		More room for life saving club. It has long history going back 1912 so expanding this would help members and support community
		nothing but the 'upgrade"
		The plain bit. It needs a bit of a makeover. Move away from concrete to a bit more rugged, sustainable and natural
		Feelings of 'busyness' at certain times of the day, particularly during the lockdown periods. I think wider foot and bike paths would have alleviated this somewhat.
		I am not sure that I would change its 'personality.' There may be some structural changes that update it, but it should be a welcoming entrance to the foreshore.
	Aug 13, 2020, 11:32 AM	
		ti needs a good freshen up. the foliage is scattered and tattered, the grass areas are worn and unkempt. there need to be areas of nature and contemplation.
23081	Aug 13, 2020, 10:07 AM	
23080	Aug 13, 2020, 09:42 AM	more diverse social calendar
23078	Aug 12, 2020, 11:03 PM	I'm happy with the way It us and it functions well for our family.
23077	Aug 12, 2020, 10:16 PM	More engaging
23073	Aug 12, 2020, 04:54 PM	difficult at times - the lack of adequate and clean toilets/changerooms and the danger to pedestrians from bikes
23072	Aug 12, 2020, 02:50 PM	
23070	Aug 12, 2020, 01:06 PM	nothigh i would enhance what is already there
23065	Aug 12, 2020, 09:56 AM	None, I like it the way they are!
23064	Aug 12, 2020, 09:43 AM	
23063	Aug 11, 2020, 11:42 PM	To not over develop the space
23062	Aug 11, 2020, 09:28 PM	Encourage a more up beat, modern attitude.
23061	Aug 11, 2020, 08:59 PM	More sand as last time we lost a lot of it
23060	Aug 11, 2020, 08:29 PM	no
23058	Aug 11, 2020, 05:44 PM	Would encourage the personality strive for bigger things and have an openness to change attracting greater possibility.
23057	Aug 11, 2020, 05:20 PM

a. The building that was Niccolini's has never been a success (as long as I have lived in Elwood), It adds nothing, and unless it was superbly managed would never be a profitable cafe/restaurant venue as it is too far from the beach and walking path, to entice beach/path users. b. The bike path crosses the pedetstrian entry point to the beach in a most dangerous manner. This problem is not helped by the fact that so many riders travel way too fast (obviously training for the Tour de France.). The bike path passes in front of the Sea Scouts, and the Angling and Sailing Clubs; is it fer directing it behind those across the dangerous pedestrian/riter intersection, the bike path passes dangerously close to the rera rentrance to "Batters". c. The point of entry to the Foreshore, at the lights between Beach Avenue and Vautier Street, is congested at even moderately busy times, and opens (eventually) onto a car park that is the antithesis of the 'calm when others are flustered' quality of the remainder of the Foreshore. One car takes up so mu something better than the current parking option (eg. underground parking)? Can we consider moving the traffic entry point to the current alternative entry between Docker Street and Pine Avenue? d. Again, although it is slightly outside the shaded area, the walking path is lit by lamp posts of 3 different designs. The underground power supply minimises the negative visual impact, but at the western end car park the power lines are unsightly. Can we consider solar power to these important light post consistent post design?	ch space; can we de

I guess encourage it as place people can swim and lay on the sand. I really love sail boats but I'm not sure the sail club boats should be cutting through a swimming destination maybe move those clubs further towards the city - maybe where the round kiosk building is now, the boats can launch beside the rock groyne?
		The Elwood Foreshore is severely disjointed in character - trying to please and appease so many different needy others,

	A little stayed, It is looking old and in need of a renovation
	I might give her a new outfit. I think giving the buildings a facelift is not a bad idea. I wouldn't change the lay out though as I think it woks. It can get so busy down there but you can still. go off into a little pocket and not feel overwhelmed by the croups it still feels relaxed.
	I love the location of the building the Wild Gypsea Wellness centre & childcare centre are occupying. They make use of the carpark area which would otherwise be dead space and in constant need of activation. And they compliment each other well giving the foreshore an earthy and homely feel. Being an older building,
	it feels more welcoming than a big shiny sterile looking building. The buildings along the beach could use a facelift to make the space feel less run down however the Wellness centre and childcare centre building adds substance and a small town feel which is what makes Elwood so charming as opposed to places like \$t Kilda

	23149	Aug 16, 2020, 11:15 PM	Comfortable seating with backs
			A casual cafe/restaurant where we could sit and eat while watching the water. Seems a shame to not have one on the foreshore when it's such a gorgeous space (we love the one in Middle Brighton!)
			A skate park for kids would be brilliant.
	23148	Aug 16, 2020, 11:14 PM	Sunshades over a great BBQ area would be wonderful (we've never had a BBQ there - even though we live just 1 minute away - as we prefer shaded areas for our family)
	23147	Aug 16 2020 10:49 PM	Keep the beach for beach related clubs and activities. Other things can happen anywhere. Keep the beach for beach and beach related Club activities.
	23147	Aug 10, 2020, 10.45 T W	Encourage the Port Philip control water water based of the source is a source of the s
			families of Elwood. The opportunity is there, now, to improve, increase and share the knowledge, skills and abilities that residents of Elwood have gained and benefitted greatly from with other residents of Port Phillip. Our Elwood foreshore, which is the water, is a great asset and use of the water should be promoted.
	23146	Aug 16, 2020, 10:21 PM	There are other parklands and sporting grounds, however the water and water activities are based at the Elwood foreshore. Promotion of the existing water based clubs on our foreshore is a key element for future for the enjoyment of our foreshore.
	23145	Aug 16, 2020, 09:57 PM	Need to consider management of rising sea levels and take action to protect the beach, parks and Elwood from this. I have not heard anything from port Phillip on protecting the beaches and managing the inevitable climate change impacts. This should be the number one priority.

	23143	Aug 16, 2020, 09:13 PM	Proper 400 metre running track on the current grassy area
			As mentioned above
			- placing pathways for access from Wattie Watson oval to car park.
			- More dog poo bag stands
			- more dog drinking bowls - with Covid-19 the drinking fountains have been shut off but 1 think there should still be access for dogs, especially as it gets warmer, the walk from Elwood to Brighton dog beach has NO dog water bowls accessible anymore
	23142	Aug 16, 2020, 09:03 PM	
			Pedestrians and people with disinrifities should have a pedestrian crossing (s) over the bike path. This is clearly an amenity that is missing, which makes disabled people feel unwelcome.
	23141	Aug 16, 2020, 07:45 PM	Another suggestion would be to have a runners' path parallel to the bike path to separate runners from both walkers and riders.
			Involve the local indigenous community in the landscaping. Out of summer the car park is barely used. Let it be free parking for 3 hours so that people attending sporting events etc can do so without traviling through the side streets looking for a free park.
			Out or summer the car park is darey used. Let it be nee parking for 5 mours so that people attenting sporting events et can up so without trawing through the sub-streets looking for a nee park. In redeveloping the sporting facilities, allow for spaces so that that can cope with multi use.
			In receiverpointing une sporting realistics, and/or to space so that can cope with mont use. That the Beach House should be a community space rather than run as a commercial business.
			In a the each nous should be commonly space rate than for as a commercial business. More Seating, princit tables, walking paths.
	23140	Aug 16, 2020, 07:31 PM	
			* More park benches or seating
			* Longer operating hours for cafes and eateries especially during summer months
	23139	Aug 16, 2020, 06:48 PM	* Separate paths for walkers and joggers. Often joggers, huff and puff all over walkers with little respect for personal space (obviously this is more important with current the COVID situation)
			A new more informal brunch cafe with outdoor tables by the foreshore would be great as Elwood Bathers does not have an outdoor area, an outdoor area for Elwood Bathers could also be considered. Public toilets could be upgraded. I like the boardwalk style large wooden areas in St Kilda - these are also wide which will
			be good for social distancing. Also the area needs to stay open and accessible while any changes are made! I don't want it to be over commercialised though. It needs to retain it's unique neighbourhood feel, I don't want it to become like St Kilda and a tourist attraction. No chain restaurants please! Don't alter the ability to
	23138	Aug 16, 2020, 06:47 PM	be able to see the city views. Keep the historic sailing club!
			Make better use and design (rebuild) of the small cafe located on the foreshore near Byrne Avenue. The poor storage of tables and chairs (when not in use, many times a week) behind temporary fencing is degrading for the area and a poor solution to this prime opportunity. This area was recently re-landscaped and very few
	23137	Aug 16, 2020, 06:20 PM	of the trees survived, however the cafe site continues to use and disregard the privilege of such a location. Further to this, the items on offer have been below standard for many years and a new operator should go out to tender.
	22125	Aug 10, 2020, 00:00 BM	Let the residents have some enjoyable less crowded space

			I think that there is a huge lack of community space available. The angling club has a great space and it's cost effective for locals wanting to rent the space. But the facilities they have there are a little outdated one their kitchen area. But they are approachable and friendly to non members too.
			The sailing club doesn't really serve the community unless your a sailer. When you approach them about their venue it's very expensive and always booked out. I don't believe that they serve the community in this sense. I feel that facility should be ran by the community and profits should be used around the area.
	23124	Aug 16, 2020, 09:26 AM	I think it would be great to have a community centre on the foreshore I also would like to see a space schools can use where students can come and undertake environmental based study projects and learn about this precious environment.

		In a way it's good to have the free time during this lockdown period to give more thought to your request. Every cloud has a silver lining. Trust you will indulge this rather lengthy response.
		Am writing with a background of experience in the City of Port Phillip with projects in St. Kilda Beach, St.Kilda Road and Elwood. Am a Project Director with background in Project Direction and Design working in Victoria and globally in both Heritage, new builds and their surrounds.
		Am an "Alumni" of St.Kllda Park State School, the local St.Kilda kinder, lived in St.Kilda and had an office in St.Kilda. Am always thinking of moving to Elwood however circumstances don't seem to allow. And most importantly of all, am a St.Kilda AFL tragic.
		Constantly in my work am reminded that careful sensitivity, sensibility and process is required to work with existing Stakeholders to create the most successful outcomes that respect existing Stakeholders and future users. Stakeholders need to know they are included in decisions and not just window dressing to say they had been consulted. It is good to know the City of Port Phillip is cognisant of that feeling and suggestions will be seriously considered and implemented where possible. The days of the needs and wants of the "Locals" being disregarded are over.
		Gentle yet comprehensive improvements could be made to increase use and upgrade community engagement across all ages and abilities. There is wonderful scope in the whole area to create a unique environment. What is striking about the area is the mix of people, cultures past and present and who can all be considered in this work. Coming from a refugee background one is aware that simple, welcoming areas allowing people to freely enjoy their natural beauty and providing uncomplicated ways to be encouraged and engaged with an area and their new Community is enough.
		Memories and present knowledge of the indigenous population and significance of the area are strong. Am hoping we can hear from the indigenous communities as to how they would suggest we work with the land and the bay. In that way perhaps education about the land and the bay could come into play and be a significant part of the project.
		As school children a few of us used to go after school to the meeting place tree at the end of Fitzroy Street and sit with the Elders and others. They told us stories and taught us about the vegetation and what we could find right there on the land and in the bay. We were too young to realise they were probably finding it hard to stories. They told us stories and taught us about the vegetation and what we could find right there on the land and in the bay. We were too young to realise they were probably finding it hard to survive. They were friendly and welcoming. Those moments are indelible, a memory of language seems strong, and some us were opened up to a whole new way of seeing and thinking. And most of all, respect.
		That brings us to the magnificence of the bay and it's power to mesmerise and it's healing qualities. It's ability to provide endless hours of exercise and as a venue of non invasive water sports, boating as well as the simple pleasures of enjoying the beach and taking in the view.
		Areas need to be provided with landscaped shelter to allow small groups picnics and meetings to enjoy the air and light. Improved landscaping and appropriate vegetation would improve this as well as provide wind breaks. More habitats to protect and encourage native bird and marine life. More art installations could be included. Pets and their needs need to be acknowledged and considered. Safety of all users, disabled, prams, children, the elderly and their carers, bike riders, walkers, strolling tourists etc would benefit from improved safe surfaces, adequate lighting and perhaps vegetation type and discreet landscaping and art barriers where required rather than intrusive, hard barriers. Security needs professional, expert advice to be subtly built into whatever is going to be created.
2311	8 Aug 15, 2020, 08:01 PM	The question of buildings in the area is that the character of many of the existing buildings have possibilities and if they can be improved without removal and instead refurbished and if necessary added to, then it would allow the already existing Stakeholders and others in the Community the continued use of those buildings

		Ensure the local and appropriately developed ethos is maintained - do not overdo it (e.g. no incremental buildings added, no buildings higher than two stories etc.)
		leaving it alone, yes buildings need repair but not demolished they are my memories titdy up the grass areas, make more seatimng get rid of hazzards let it e easier for the sailors to sail but dont ruin the place we dont want arcades slot machines or disney lands! 		Australians laugh at Melbourne's baeches. The city is commonly bleak (Including 180 overcast days per year). Make the waterfront green but accomodate tasteful places to eat and drink with views of the water. The Bay barely has a waterfront cafe, just several expensive restaurants. It is an uncomfortable place to take people most of the year. I always look at Elwood's empty sheds and wish they were places for people to congregate with views of the water. The have a space but democratise the buildings. No point thinking of access for the disabled and aged if the place is uncomfortable most of the year. The

		Removal/improvement of vegetationthe area around salls/the cricket nets is currently made up of a lot of shrubs that aren't really well maintained and don't seem to add a lot of value.
		Positioning of whatever that council run maintenance space is next to the cricket nets. The cricket club would ideally require a fourth net for its growing base and that council space appears rarely used.
		Access to Wattie Watson pavilioncurrent access is by winding through the car parking and shrubs and is unsafe on and time consuming on busy days. Access via head st gate should be considered.
		More low cost high use community facilities such as built in bbqs, bubblers, exercise equipment, benches.

2308	8 Aug 13, 2020, 04:08 PM	As a member of the board at a community club, we would love to see additional facilities that help the community develop. For us, that means more storage facilities, and access to more changing room facilities to enable the growth of our womens and junior sections. We really aspire to have the junior section grow into the heart of the community

23026 Aug 10, 2020, 12:44 PM	A fenced in dog area. Whilst there is an off lead area this is often used by people with very young children as it is adjacent to the playground. Whilst dog obedience is certainly the onus of pet owners, it is also quite unsafe to assume that all dogs can be safely off lead with children present. There is currently no fenced in location for dog owners and thus make it very difficult for those training young dogs or indeed for the control of several dogs playing all at once. Although it is appreciated open spaces need to remain "multi-purpose" I would suggests that as soon as a family with young children place themselves in the middle of an off lead section it precludes a whole range of activities (thus rendering it no-longer multi-purpose). If you want an excellent example of one in a relatively small space check out https://www.gleneira.vic.gov.au/our-city/parks-and-playgrounds/caulfield-racecourse-wedge-pawfield-park

	Separation of walkers and runners. Provide a separate running path, to separate the walkers (and dogs) from the runners. Consider a soft / gravel surface for running.
	Community pavilion / change rooms for modern sporting clubs. Think triathlon / run clubs / personal training groups that have developed in the last 20 - 30 years. All the current clubs with facilities had them provided in 60 or more years ago. Nothing has been provided to cater for sporting preferences that were not even considered in the mid 1900's.
	Integrated beach themed family park / play space. Inspiration from the new development in Booran Reserve for example, crafted for a beachside setting.

23020 Aug 09, 2020, 03:32 PM	Keep the Elwood foreshore as natural as possible. That's why people visit it. It has a different vibe to the St Kilda foreshore for a reason. Please don't turn it into another generic foreshore. Elwood is precious and needs to be protected

23011 Aug 09, 2020, 10:12 AM	As an extremely popular tennis with over 420 members and a long waiting list, we would welcome more courts. There are no other tennis clubs in the area to accomodate local players.
	More efficient use of the spaces between the bike path and the walking path, better linkages between the recreational areas adjacent to the foreshore. For example it's hard to even know there's a playground there or tennis courts, there are an abundance of picnic tables in the open areas which feel a bit random and disconnected from the beach.
	The main issue with the access ways is the joined footpath with bicycles and pedestrians near Elwood bathers.
23010 Aug 08, 2020, 05:26 PM	Incorporating more art and Indigenous artefacts into the space and infrastructure.
	Yes. I think a piece of sculpture would enhance the foreshore as a meeting point, point of interest, reflection of Elwood's historical arts vibe, and just a nod to the inclusion of art in everyday life.

	1. If tides are definitely rising, and will continue to rise, what do we plan to do to save the low-lying areas of the City of Port Phillip Foreshore, and beyond? There will be little value in our Foreshore looking more attractive if it is to be inundated! 2. The Tennis Club, the Sea Scouts, and the Angling and Sailing Clubs are historically relevant, and they add a certain 'life' and charm to the Foreshore, as well as catering for popular and important recreational and social activities. None of them is as visually attractive as they could be. They do not need to be moved or
	demolished, but judicious planting, together with stronger maintenance programmes will make them more visually attractive. 4. Can 'Niccolini's' be converted into something more useful to the community?
	5. I have listed 'Building/infrastructure without a compelling need to be on the Foreshore' and 'Car parking experience is improved' at 9 and 10 respectively, even though I believe them to be important. The only building that is not compelling is 'Bathers'; Beach access is important for the Sea Scouts, lifesavers, sailors and anglers. However, as I have already mentioned, my opinion is that 'Bathers' adds' life' to the whole experience of being at the Foreshore, and attracts members of the community to the Foreshore. We do not need any more cafe/restaurants, and at the risk of killing a small business, the Ice Cream Van is tacky.
	'Car parking' is well down my list, even though I have asked if the hugely expensive undertaking of underground parking is viable. The 'experience' is not as important as other effects of parking. I believe that we need to get cars off the road (Ormond Esplanade), and somehow to minimise the Foreshore carpark footprint, for asethetic and safety reasons. Empty cars tend to dominate Victoria's planning; these cars are housed in large amounts of land, and in too many left hand lanes making them unusable for passing traffic. Can we look at a different approach to parking in the Foreshore precinct, and along Ormond Esplanade (and other roads and
23007 Aug 07, 2020, 05:50 PM	streets)?
	I'm a member of the sailing club. It is well used on summer saturdays and not other times: the neighbouring club/scout hall seem practically unused. Most of the ESC members drive some way to sail there. Is there an opportunity to combine the underused sailing boating clubs elsewhere in COPP? For example, RMYC would be a much more suitable site for dinghy sailing, given the sheltered water (albeit the busy road is a problem), and yet it doesn't offer dinghy racing. Ditto with Brighton YC. PMYC is underused and Albert Park Angling Club is almost completely unused.
23006 Aug 07, 2020, 02:17 PM	Similar issues with surf life saving clubs (i'm not involved): the community gets almost no value from these privatised foreshore spaces. Where sporting clubs exist they should be encouraged to manage themselves so as to build the community experience. Keep community focus. Show interest in and support local clubs to help develop their facilities to further community engagement.
23005 Aug 07, 2020, 10:11 AM	Avoid development which overwhelms local community focus.

	Maintain planted large trees throughout the dry season.
23003 Aug 06, 2020, 04:30 F	M Plant more large shade trees on beachfront grass areas
	One of the key problems is a lack of co-ordination with Bayside Council which has resulting in the portion of the foreshore south of Head Street being a 'poor cousin' to the northern section, with less sand + poor cleaning practices.
23002 Aug 06 2020 02:08	M The prohibitions of dog walking are also over-the-top and prohibitions should be limited to times when the beach is likely to be busy with swimmers.

	Widen the walking paths and ensure less conflict with cyclists and cars. More seating overlooking the water.
	Insure no carpank over emergency or beach access points.

	2. The list of 'opportunities' in Q4 above is misleading. Some of these are not opportunities but things that could have a negative impact on Elwood foreshore. I would have to see a much clearer description of any changes proposed, and the problems they purport to solve, to regard them as 'important'. For example, what i
	meant by improving the car parking experience? Cutting the price would improve the experience for everyone, but in my opinion far too much of the foreshore area is devoted to cars. An improvement would be to remove much of the car park, provide public transport to the beach (where is the nearest bus stop?), and

	tie the green space to the sand/ beach area. Move the cycle track to the main road (I know cyclists want to ride beside the sea but there are a lot more pedestrians using the beach space and the cyclists barrel through the crossing near the Elwood Sailing Club. grrrrrr) reduce the size of the corporate buildings (i.e. the Sails restaurant I know they pay rent etc. but it is a very elite use of the prime beachside space.) If you had heaps of \$ and political will, the sailing and angling club rooms could move back towards the main road and up in place of the round kiosk as well but perhaps

		Interpretive signage, particularly regarding natural vegetation, fauna, including marine life.
		Improved litter control measures such as specific recycling bins and placement of bins so that litter is less likely to escape in high winds.
		Acknowledgement of country.

-		CoPP have an incredible range of demands on a limited budget. I would think better maintained parking (especially the southern end) and renovated bathroom facilities in the Elwood Pavillion would be sufficient spend at this stage. The balance of budget should be allocated to supporting the community who are struggling,
2296	4 Aug 03, 2020, 02:19 PM	and will continue to struggle, through and beyond CV-19.
2296	3 Aug 03, 2020, 12:25 PM	Perhaps more shade for people and more ammenities. One toilet block isn't enough when you consider the number of people who use the space.
		l believe the height and presence of the trees and vegetation currently flanking Ormond Espanade (from approx Bendigo Avenue to Foam Street) detract visually from the aesthetics of the bay which remains hidden from view. The wonderful amenity of the bay and associated open parklands are not visible to pedestrians and
		even motorists passing through or visiting the area in complete contrast to the breathtaking views afforded one suburb away in neighboring Brighton. A solution may be to create multiple 'vista openings' allowing ease of access directly to the bay which amenity needs to be immediately visible from Ormond Esplanade.

2295	5 Aug 02, 2020, 10:04 AM	Leave it alone. Stop ruining the foreshore. Let people simply visit, without paying a fortune, and enjoy iis simplicity.
		Yes. Leave it alone. Don't waste money on things that work the way the are. Take a look at the St Kilda Adventure Playground. What's going on there is an absolute shame. You've taken so much equipment out and didn't replace any of it. Now the plane is gone too. What's wrong with you people? You make us come down to

		Elbood foreshore needs to have a been sense of place and connection to the suburb. At the moment, the character of the foreshore does not reflect the character of the suburb.
		The foreshore precinct should be more accessible and the buildings need much needed modernisation. The new buildings should adopt both the character of the neighbourhood and be sympathetic to the unique setting of the Victorian coastline.
2295:	1 Aug 01, 2020, 04:26 PM	Value could be added be changing the existing interfaces to better connect Elwood to the beach and vice versa, in particular rearranging the location of the car parking area (being prime land for public open space).
		This is a family beach that also provides opportunities for exercise and quite reflection. The water quality is often very poor after rain as the Elster creek system drains into the bay at both head street and the elwood canal. Engagement on the catchment to reduce water flow and remove pollution is essential.
		No more public open space should be handed over for development. I have already seen the original lifesaving club relocated to accomodate a restaurant and the old bowling club has been used for a variety of commercial ventures, enough is enough.
		Access to the beach is often poor due to the excessive calendar of fun runs, triathlons etc. I believe these events should be capped at 12 per year and when run they should include access to the beach for locals. The head street entrance to the car park could be opened to allow for families or those with a disability who can't
		reasonably walk to the beach. How would you like paying my rates only to find on a stinking hot day I can't get near my local beach thanks to an event that could have been held anywhere. Why is port Phillip and more specifically Elwood inundated with these events, I notice it's not a problem for bayside.
		Elwood beach to my mind as a 60 year local resident is the last quite peaceful part of port Phillips foreshore, please don't ruin it with more development or unnecessary works. Elwood is poorly serviced by public transport and the streets are already full of cars. The vast majority of visitors you drag to Elwood beach have got

		The design and integration in to the landscape and community of the South Melbourne and St Kilda Life Saving Club Buildings would be great to see replicated at Elwood.
2294	5 Jul 31, 2020, 11:27 AM	Could an all-in-one venue be built to house to the Life Saving, Angling and Sailing Clubs that provides a community hub and potentially a venue for them to generate revenue?
		More BBQs. More Picnic tables.
2294	3 Jul 31, 2020, 11:00 AM	Could you make the summer a bit warmer? Also, it can rain between 10pm and 5am every night to offset potential drought risks.
2294	2 Jul 31, 2020, 10:36 AM	The walking track can become quite congested, and there's often bottlenecks caused between runners and walkers going at different speeds with runners dodging in and out of groups of walkers.
		Lets make Elwood's water quality fantastic.
		Lets sort out the water from the creek & the storm water drains so that we are enhancing, not polluting, our bay.
		Let's put pontoons out on the water for people to swim out to & jump off.
		Let's take over some of the car park & build a 50m swimming pool that is open year round for everyone to enjoy. These are all over Australia, especially on the NSW coast. To create one on our beautiful Bay would be wonderful.
		Let's create a place that celebrates outdoor, healthy beach living & welcomes all to share in this experience.
2294	1 Jul 31, 2020, 09:57 AM	BUILD A 50m SWIMMING POOL & PONTOONS FOR ELWOOD BEACH!!!
		Upgrade the croquet club building to allow for expansion, an upstairs perhaps for social gathering. Also better disabled access and faclities. Consider expanding the playing area into the unused area towards the beach road. Allow access to the club from the greater foreshore area as it is currently hidden. This would
2294	0 Jul 31, 2020, 09:33 AM	encourage casual younger players for things like barefoot croquet. Elwood and CoPP as a whole has many older residents so croquet is the ideal sport and social activity. No other similar sports are available in Elwood.
2293	9 Jul 31, 2020, 08:45 AM	increased boat storage for the sailing club, better launching ramp and integration of boating and swimming.
		It would be pretty amazing if at some point, the wellness centre utilised the side of the building (opposite side to the playground) in a way that respects the nature and open space. Imagine a geothermal or natural Salt/Mineral bathing facility with a plunge pool outside under the trees in that little nook where people don't
		tend to walk (as its behind 2 buildings). And it's not a place to sit either. It's a dead space. There are some nice shrubs but imagine if this space was able to be utilised with such an activity, and some taller trees were planted to open the space up (and make it feel more safe and less like a dark corner) and provide shade.
		Maybe this would activate this area well. Open space is important and there is a wonderful amount of that around. This particular corner is in the hub of activity so it would be good to include it.
		The other thing that could be wonderful is some kind of community garden. As there are so many apartments in Elwood and conscious, healthy people focussed on wellbeing, some residence may love the opportunity to have a veggie patch and also an opportunity to create yet another like minded social community on the
		foreshore that isn't sports based but can include those who just need to be included to care for their mental health and wellbeing. The community gardens in St Kilda are an excellent asset for the community. As Elwood is somewhere people really like to put down roots and connect with the community, I think this could be
		really cool. The child care centre is in align with this and already has a wonderful veggie garden, and the wellness centre and its conscious cafe are also aligned and I believe, looking to eventually improve the vegetation around its building.
2293	8 Jul 31, 2020, 05:33 AM	Perhaps the wellness centre and the child care centre may come together to provide events such as gardening workshops (sustainable practices for example).

		In some ways a central hub area with information about all the facilities, clubs, buildings on the site would be useful and helpfulI think most people would; ld be surprised that it is home to 12 Clubs plus the restaurants etc.

		Keep it natural, it's the beach! Please don't over develop the area. I use the beach to swim as part of a group that LOVE the bay all your round and swim in the open water 5 times per week, either with the group Elwood Aquatics or on my own. Every day I use it to walk my beautiful dog along the beach.
		I would love to see some family friendly venues, think Noosa life saving club or Bondi RSL in Sydney. 		Public transport to be improved so people going to the beac don't need to take their car
		Ability to cross beach road via tunnel so road traffic is not stopped
	887 Jul 29, 2020, 08:32 AM	Better car park during summer
		Council should work with the Lifesaving, Angling and Sailing club to use their opportunity to attract people to the area through membership. The more people use it, the more people will look after what they have joined and are involved in.

		Renovate very ugly toilets and more toilets.
228	375 Jul 28, 2020, 09:41 AM	More cafes/restaurants/ bbq's
-		As mentioned above I'd like to see this area have some personality injected in to it, whether it's by art installations, vegetation or architecture. Set it apart from the other suburbs. Look to Henley Beach in Adelaide -great public space to just gather and please invest in some proper showers (in Henley beach they made an art

228	373 Jul 27, 2020, 09:12 PM	Conservation and clean up the canal and invest in wetland instead. Stop development in Elwood that isn't environmentally sound.
-		Definitely should bring back a pontoon in the bay. I remember it well from the 80s and what a great incentive for kids and adults in the community
228	372 Jul 27, 2020, 07:40 PM	Loved it and I think it will be well received. Improve nippers access for children in the community
		I would like to see space for our swimming group (Elwood Aquatic) with proper showering facilities and sauna facing the bay. It would be great to have a simple cafe/ family eatery to complement the offering at elwood bathers. Plastic path to roll out for improved disabled wheelchair access. Lights on top of the posts in the

		With the huge influx of swimmers in the bay we need much better facilities with hot showers, a sauna and space to store belongings. Better lighting for visibility. Let skis should not be allowed anywhere near the Elwood beach swimming zone, there is plenty of bay to the left of the boat ramp which could be used. They

		Monthly community beach clean ups being promoted on the fore shore
		Public toilets
		Ramos onto beach for disabilities -lots of elderly people come to walk and get fresh air and don't often go onto the sand
		Better showers
		More benches to sit on
		Keep grassy areas
225	366 Jul 27, 2020, 06:19 PM	Wider pedestrian paths and bike paths -can get very crowded.

	I think there should be less geographical area used for car parking. If there is a need for many car parking spaces, can there be a small multi storey car park to make the space more efficient.
	Improve public transport to the foreshore - ideally a tram stop!
	Install bike racks with CCTV protection.

22850 Jul 26, 2020, 09:00 PM	Any business opportunity should be local- emphasis on supporting arts/ creative spaces- e.g a Bookend to Gasworks
	Please provide more recycling bins. We are part of Beach Patrol 3184 and we really appreciate that the beach is cleaned by a machine, but we still find ample material that could be recycled.
22849 Jul 26, 2020, 04:50 PM	Try to safe the Baksia trees from the parking area

	Improved lighting in the carpark and foot traffic areas surrounding Wattie Watson oval. The St. Kilda City junior FC and other sporting clubs have significant foot traffic in these areas particularly with girls and boys.
	Improve the female specific amenities such as toilets and change rooms at Elwood Park Pavillion.
22847 Jul 26, 2020, 04:05 PM	Upgrade of Elwood park pavilion to make it more suitable for being able to watch sport on the Wattie Watson oval and more attractive for community events/meetings.
22846 Jul 26, 2020, 01:53 PM	Leave it alone
22845 Jul 26, 2020, 10:31 AM	Making it easy for people to see what is allowed where on the beach and in the wateris; jet skis around swimmers
22844 Jul 25, 2020, 11:09 PM	
22843 Jul 25, 2020, 10:41 PM	Redevelop Elwood Life Saving Club. It needs to be twice the size and and purpose-built to accomodate life saving services, related training, Nipper and Junior programs etc

	Please fix pedestrian access around Wattie Watson Oval so that the pedestrian crossing light next to the oval is actually usable. Currently if you cross at the traffic light on Ormond Esp. between Foam and Pine and want to access the beach you have to go onto the oval, which isn't always possible if sports teams are using it.
	Alternative routes are currently cut off, and going around the other side of the oval makes using the lights pointless. Plus, even when you get passed the oval there is no path and you have to walk down a road used by the sports clubs (and clueless drivers that think it's an exit to the car park because there's no sign indicating
22841 Jul 25, 2020, 08:38 PM	there's no exit!]
	Public amenities, particularly the changing facilities could be enhanced with lockers and good showers for the growing number of swimmers using the beach.
22840 Jul 25, 2020, 08:30 PM	A complete ban on jet skis for the swimming beach areas.
	Envourage more use for longer in the day without contention.
	More bbg in nice not cramped context??
	New playground preserving the bush feel
	new paygoond preserving the organized
	Actual water can be used more. Good to see swimmers kayakers sup during covid.

	Stop trying to make things bigger and better.
	I would like you to look at an inter grated playgroup and toy library and tool
	Library. Perfect co-location. Would free up space at st Kilda neighbour hood house and 51 Broadway. Also add in a drop off-pick up library service intergrated with st Kilda library where you can order you books but pick up and drop off in Elwood.

	Redeveloping the life saving complex. Maybe update it and add some space for community interaction with the life saving club
	Increase space and Upgrade the building for the life saving club. Remove the whole building looks old and could be knocked down. Also the scout building seems to be a waste of space, not used regularly and when it is not by many people.
22833 Jul 25, 2020, 05:04 PM	
	Leave some Historical Character. History is important - so just because the Sea Scout or Angling Club is under-used - leave it alone. Need to look at improving Point Ormond Boulevade to eliminate the Sexual Activities being undertaken.

22830 Jul 25, 2020, 04:01 PM	wider bike paths and some better warning colours/features for riders and pedestrians where paths intersect
	Make the beach in front of the sailing club a no sun bathing and swimming area. It is very dangerous to have people on the sand and standing in the water when we get our boats or windsurfers out. they don't understand that we don't have brakes and that the wind can push the vessel towards them despite our bets efforts
22829 Jul 25, 2020, 03:50 PM	to avoid them
22828 Jul 25, 2020, 03:11 PM	Possibly a kiosk with take away options like further down the beach.
	On the beach fencing in playground / area for kids.
	Less space for parking. Encourage locals to walk down. Replace with bike storage, pram and other walking things.
22826 Jul 25, 2020, 02:29 PM	
	Stop the rubbish flowing into the bay from the storm water entering at Head street and Elwood Canal. This pollutes the bay, with the rubbish ending up on the beach. Not only does it not look good it is a health and safety issue for the users of the Elwood foreshore and the wildlife the frequent the area. This should be
	stopped before it gets into the bay.
22825 Jul 25, 2020, 01:44 PM	
	Please fix the issues with cyclists and pedestrians. I'm both so don't blame either, the infrastructure through this area is unclear, the section around the surf club particularly dangerous
	Generally, Council should consider greater infrastructure support for non-sport recreational activities. The arts, for example, receives some funding support from Council but there are very few arts facilities, especially compared to the sporting facilities made available in the City

	Yes, start cleaning up our streets and street bin and just not in the area where more people shop for example Clarendon Street. Clean up the streets towards St.Kilda Road. Don't spend our rate money on something that is not a priority to rate payers.
	Stop increasing our rates, other Councils have frozen rates due to Corona, port Phillip Council is the only one not freezing our rates in these hard times and the price of properties decreasing. Hard times, and you talk about spending money on the foreshore. Who cares? Only people who live in that area.

		The walking paths are too narrow and physical distancing is very difficult. Runners need to be kept separate from general walkers, prams etc. This is an urgent need.
		Also the great expanse of bitumen path is ugly and not in keeping with the natural environment. More timber boardwalk pathways (like at St Kilda beach) and more trees and vegetation would help.
		Need a better and more accessible playground close to the beach
		Please remove or greatly reduce parking fees! Not everyone in the local area is within easy walking distance to the foreshore and locals shouldn't have to pay exorbitant hourly parking fees to visit. How about offering \$20 annual parking permit for local residents?
22816	5 Jul 25, 2020, 08:28 AM	Please leave the Elwood Sailing Club exactly as it is- it is a wonderful piece of history that we should preserve, inside and out. And it brings character to the foreshore.

22814	4 Jul 25, 2020, 07:51 AM	Thank you for this survey!
22813	3 Jul 25, 2020, 07:22 AM	Restore some of the original tree species like coastal Banksia, drooping she-oak for wildlife food and habitat
		Please prohibit the use of Jet skis at Elwood beach.
		They are extremely noisy and dangerous.
		This is a family beach and the groups of Jetskiers totally changes the dynamic of the friendly environment.
		Plus they race each other and speed into shore posing a danger to anyone in the water.
22812	2 Jul 24, 2020, 11:17 PM	I've never seen anyone monitor this situation for safety and I would hate there to be a tragic accident before something was done to change this.
22811	1 Jul 24, 2020, 10:25 PM	PLEASE provide new bathrooms and warm water in the showers. They really stink all the time
		Sustainability outcomes: Focusing on the cleanliness along the foreshore (rubbish removal, etc) and removing pollutants from entering the bay; revegetating areas where needed for natural habitat & improving methods to prevent plastics & rubbish entering the bay.
22810	Jul 24, 2020, 10:21 PM	Also any New built form to be designed with small footprint, with ESD principles & minimal visual bulk to ensure any architecture sits sensitively in the foreshore landscape and does not visually overpower the landscape is the hero and it is to be kept this way.
22809		Don't call the painter. Call the demolition contractor!
		Accessibility for everyone is essential. Please include permanent plans for non able bodied people to access the sand and water, not just pram access.

		Sensitively enhance the kiosk on a small scale to provide all weather seating and toilet facilities. The concrete block Elwood life saving club is an eyesore. Bike path is too narrow in many areas and does not comply with Austroads guide to road design part 6A. The disabled parking spaces at the car park near between point
		ormond and the kiosk is not DDA compliant. Cross fall is too steep. The ramp near the kiosk is too close to the kiosk and does not connect to anything. The newly installed concrete wall along the grass near the kiosk makes access for people walking to beach by cross Normandy Ave etc less accessible. Parking is too expensive
22801	1 Jul 24, 2020, 05:45 PM	and particularly rediculous during the colder months (note I'm a local that always walks to the beach so totally unbiased).
