Part 1 - Preliminary

1. Title

This document is referred to as the "Procedures and Protocols Manual".

2. Purpose

The following document includes the procedures and conditions that are applicable under the City of Port Phillip Local Law (the Local Law).

When conducting any investigations under the Local Law, authorised officers will have regard to their obligations under the Charter for Human Rights and Responsibilities.

The City of Port Phillip recognises that there are many people within the community that are homeless or may have complex needs, such as mental illness, addiction or domestic violence.

Authorised officers will continue to perform their duties with consideration and compassion, and provide referrals to other work areas in Council to assist in these circumstances.

In order to improve accessibility and understanding between the Local Law and this document, the sections are now numbered to reflect the relevant Local Law clause. For example Clause 75 of the Local Law refers to Delegations and sub-section 75 of this document includes the list of delegations with respect to powers under the Local Law.

Not all Clauses of the Local Law have specific procedures included in this manual and for those sections, which are intentionally left blank, reference should be made to Section 2 (general guidelines) and Section 753 (delegations).

The purpose of this Local Law is to provide for the peace, order, and good governance of the City of Port Phillip in a way that is complementary to Council's Council Plan by:

2.1 General Guidelines

Officers have discretion in enforcing the Local Law. Officers have internal procedures to ensure that the Local Law is enforced consistently by the team in a variety of circumstances.

The key method used when considering taking any enforcement action is a risk management approach. Local laws investigations cover a wide range of issues and the outcomes can vary considerably.

2.2 Investigation Examples

No offence – the officer attends and find there is no issue. The officer will communicate their findings to the complainant

Minor issue – can be remedied quickly. The officer may issue a letter or Notice to Comply advising the person how the issue may be rectified. For example,

overhanging branches that may be impeding pedestrian access. The time frame provided to rectify the issue will reflect how urgent the issue is.

Permit issue example 1 - If a trader is found to not have a permit for placement of goods on the footpath, such as an A board, they will be asked to remove it and obtain a permit prior to placing the board out again.

Permit issue, example 2 – This may include not having obtained a permit for a specific activity. If the permit is required for a high risk activity, such as placement of a crane on Council land, then the likely outcome would be the issuing of an infringement notice.

Matters referred directly to Court – some serious issues may be referred straight to Court, such as aggravated littering, when a large volume of waste is dumped somewhere or put down a storm water drain.

3. Sections 3 to 8 not included

This Local Law is made under Section 71 of the Local Government Act 2020 and Section 42 of the Domestic Animals Act 1994.

Conditions on Asset Protection Permit

Without limiting Council's powers under Error! Reference source not found. of this Local Law, an Asset Protection Permit may be subject to such conditions as Council determines including:

- (a) requiring protection works to be done;
- (b) requiring the payment of a security bond;
- (c) requiring the erection of temporary fencing to the satisfaction of Council;
- (d) requiring that any or all public assets or infrastructure damage be repaired, replaced or re-instated within a specified time; or

- (e) requiring a temporary vehicle crossing to be installed to Council's specification before commencement of any building works or delivery of any equipment or materials to the land.

Amount of security bonds

- (a) The amount of any security bond required under any Asset Protection Permit is to be proportionate to the likely costs of repairing any potential damage to any existing road (including carriageway), channel, drain, vehicle crossing or other public asset arising from the building works. Nothing in this clause prevents Council from setting a lower amount if it considers it is appropriate to do so.

Retention and return of security bond

- (a) For the purpose of this clause the completion of building works includes abandonment of a building site.
- (b) A security bond may be refunded by Council upon:
 - (i) an application for a refund of the security bond by the person who lodged it, made within 6 months of the date of completion of the building works; and
 - (ii) Council being satisfied that no damage has been caused, or that any damage caused has been repaired by, or on behalf of, that person to Council's satisfaction.
- (c) The security bond may be retained by Council, to offset the costs incurred, or anticipated to be incurred by Council, in carrying out any repairs to public assets which are required as a result of, or associated with, the building works.
- (d) If an application for a refund of a security bond is not made within 6 months of completion of the building works, then Council may retain and use the security bond to offset the costs incurred by or anticipated to be incurred by Council, in carrying out any repairs to public assets which are required as a result of, or associated with, the building works.
- (e) If a security bond is or any surplus funds are not required to be retained by Council for repairs but are not claimed within 12 months of completion of the building works, the security bond or surplus funds will be forwarded by Council to the Registrar of Unclaimed Money, in accordance with the requirements of the Unclaimed Money Act 2008.

Council may accept alternative security

- (a) Where Council so determines, it may agree to accept an alternative form of security to a security bond.

Power to enter land

- (a) An authorised officer may enter any land at any reasonable time for the purpose of inspecting any sewerage toilet, portable toilet (closet) systems, urinals, pans, receptacles, vehicles, plant and any other things and placed on them and for the purpose of carrying out the provisions of this Local Law.

Part 4A - Encampment Equipment on Council Land, Roads and Footpaths

55A. Introduction

Purpose of this Section

This section sets out the procedures and protocols to be followed by Authorised Officers when exercising powers under Part 4A of the Local Law relating to encampment equipment.

This Part must be read in conjunction with:

- The balance of the Local Law
- Council's homelessness and housing initiatives, including Port Phillip Zero
- The Operating Protocol with Victoria Police (as amended from time to time)
- The Charter of Human Rights and Responsibilities Act 2006

Guiding Principles

Authorised Officers must:

1. Recognise that persons affected by this Part may be experiencing homelessness, trauma, family violence, chronic illness, addiction, or other complex vulnerabilities.
2. Apply a **trauma-informed, culturally safe and human rights-based approach**.
3. Prioritise engagement, support and referral over enforcement.
4. Use enforcement and impoundment powers strictly as a **last resort**, consistent with clause 55A of the Local Law.
5. Ensure that actions taken are proportionate, necessary and reasonable in the circumstances.

Nothing in Part 4A is intended to criminalise poverty, homelessness or social disadvantage.

Training in trauma-informed practice will be provided to Authorised Officers exercising these powers.

55B. Definitions (i.e. encampment equipment)

For the purposes of enforcement procedures, "encampment equipment" has the meaning set out in clause 55B of the Local Law and includes:

- mattresses
- tents
- shelters (including cardboard structures)
- any other chattel obviously intended or adapted to facilitate camping or sleeping

Personal belongings, such as identification, medication, clothing, phones, or documents, are not to be treated as encampment equipment unless clearly abandoned.

55C. Direction by Authorised Officer

Engagement and Welfare-First Response

Initial Assessment

Before any direction is considered under clause 55C, the Authorised Officer must:

1. Assess whether the person appears to be experiencing homelessness or vulnerability.
2. Consider whether there is:
 - An immediate risk to safety;
 - A serious and ongoing amenity impact;
 - A public health concern; or
 - A risk to the welfare of the person or others.

Mandatory Welfare Engagement

Authorised Officers must, as a first step:

1. Engage respectfully and explain Council's role.
2. Offer referral to appropriate support services, including:
 - Outreach services;
 - Housing and homelessness providers;
 - Health or mental health services;
 - Family violence services (where appropriate).
3. Where possible, notify or request attendance of relevant outreach providers.
4. Record the supports offered and the individual's response.

Where practicable, officers should:

- Allow reasonable time for engagement by outreach services;
- Coordinate with Council's housing-first or homelessness response teams;
- Consider other options, including voluntary relocation.

Removal of encampment equipment must not be pursued while meaningful welfare engagement is actively underway, unless there is an urgent safety risk.

Issuing a Direction to Remove Encampment Equipment

A direction under clause 55C may only be issued where:

1. The elements in clause 55C(1) to (3) are satisfied; and
2. Welfare engagement and non-punitive options have been exhausted; and

3. The adverse amenity, safety or welfare impact or risk is ongoing or likely to continue.

Requirements Before Giving a Direction

The Authorised Officer must:

- Clearly explain the reason for the direction;
- Explain the impacts identified (amenity, safety or welfare);
- Provide a reasonable time within which to comply (unless urgent circumstances apply);
- Explain what will occur if the direction is not complied with; and
- Explain that a failure to comply does **not** result in a fine or offence under clause 55D(2).

Where practicable, directions should be given in writing and documented.

55D Obligation to Comply with Direction (i.e. no offence or fine)

In accordance with clause 55D(2) of the Local Law:

- Failure to comply with a direction is **not** an offence.
- No infringement notice is to be issued for non-compliance.
- Enforcement action is limited to removal and impoundment of encampment equipment where appropriate.

This Part does not authorise the imposition of fines.

55E. Power of impoundment (i.e. removal and impoundment as a last resort)

Threshold for Removal

Removal and impoundment under clause 55E may occur only where:

1. A lawful direction has been given;
2. The person has failed to comply within the reasonable timeframe provided; and
3. Welfare engagement has been undertaken and documented; and
4. The adverse amenity or safety impact remains.

In urgent circumstances (e.g., immediate danger), the power may be exercised without delay, consistent with Part 8 of the Local Law.

Handling of Property

When removing encampment equipment, Authorised Officers must:

1. Treat all property with dignity and care.
2. Separate encampment equipment from personal belongings.
3. Avoid removal of:

- Identification;
- Legal or medical documents;
- Medication;
- Essential clothing;
- Personal keepsakes of obvious sentimental value, unless abandoned.

If personal items are inadvertently removed, reasonable efforts must be made to return them promptly.

Storage and Return of Items

Impounded items must be:

- Catalogued and photographed where appropriate;
- Stored safely and securely;
- Made available for collection without unreasonable barriers.

Fees may only be applied in accordance with clause 78 of the Local Law and any applicable Council policy. Consideration must be given to waiving fees where hardship is evident.

If items appear abandoned but contain identifying material, reasonable attempts must be made to contact the owner before disposal.

Coordination with Victoria Police

Where:

- There is risk of violence;
- There are serious public safety concerns;
- There are serious concerns for the safety of Council staff when conducting their duties;
or
- Criminal matters arise.

Council's role remains welfare-focused and distinct from criminal enforcement.

Documentation Requirements

For every interaction under Part 4A, Authorised Officers must record:

- Date, time and location;
- Observed amenity or safety impacts;
- Engagement steps taken;
- Services contacted or referrals made;
- Whether outreach attended;
- Details of any direction given;
- Time allowed for compliance;
- Items removed and impounded;
- Storage details;
- Any follow-up arrangements.

Accurate record-keeping is essential for accountability and compliance with the Charter of Human Rights and Responsibilities.

Part 5 - Keeping of Animals

56. Keeping excess numbers of animals

Excess Animals

The following animals are allowed to be housed without a permit. Housing of more animals than stated would require a multiple animal permit, available for download from the City of Port Phillip web site.

Permitted Animals and Birds on Properties

Type of Animal	Houses Maximum Allowed	Units/Townhouses/ Flats Maximum Allowed
Birds	5	2
Dogs	3	2
Cats	2	2
Poultry	5	0
Rabbits	5	2
Guinea pigs	5	2
Ferrets	5	2
Reptiles	5	2
Livestock including horses, and pet cows, sheep or goats	0	0

Standard conditions for a multiple animal permit

- (a) Poultry or animal housing or a similar structure must be located on the property so that the amenity of the area or other premises is not affected by nuisance, noise or odour experienced because of proximity of the poultry or animal housing.
- (b) An owner or occupier must not construct or use any poultry or animal housing on any property unless it has adequate roofing, drainage, is rat proof and has a floor paved with impervious material.
- (c) All poultry and animal housing must be maintained so that it does not cause a nuisance or offensive conditions or harbour vermin.

Council must inspect animal housing to ensure that it complies with the requirements of the Local Law and Procedure and Protocol Manual. If the animal housing does not comply,

Council may direct the animal housing to be amended, re-located or otherwise maintained to ensure compliance with the Local Law and Procedure and Protocol Manual.

57. Animal litter

Part 6 - Waste and Sanitation

58. General Requirements Applying to Industrial, Trade and Commercial Waste

Guidelines for assessment of detrimental amenity impacts

In considering whether a commercial premises is causing a nuisance or detrimentally affecting the amenity of an area, an authorized officer must consider the following guidelines:

- (a) Recyclable materials such as bottles, cardboard and cooking oils must be adequately stored so that:
 - (i) they cannot be interfered with by unauthorised persons;
 - (ii) cannot escape beyond the premises on which they are stored;
 - (iii) Cardboard or boxes must be placed for collection secured or tied in a bundle so that they cannot escape from the collection site.
- (b) Crates and other returnable delivery containers must be kept on the premises and stored until they are returned to the owner.
- (c) Waste must not be:
 - (i) discharged, emptied or disposed of in any way onto any road or into a drain;
 - (ii) burned or incinerated; and
 - (iii) left for collection on the roadside where it comprises hazardous waste as defined in the Environment Protection Act.
- (d) Noise and emissions

The owner or occupier of commercial premises must ensure that:

- (i) any motors used in equipment in the commercial premises are properly baffled, insulated or located so as to control noise; and
 - (ii) mechanical ventilation systems are regularly inspected and maintained and that a record of inspection can be provided to an authorised officer on request; and
 - (iii) deliveries and pickups of goods and equipment does not affect the amenity of the area because of the time and manner in which the activities occur.
- (e) The owner or occupier of commercial premises should ensure that any equipment used in the commercial premises from which gas emissions may occur is regularly serviced and maintained in accordance with the relevant Australian Standard and that a record of inspection can be provided to an authorised officer on request.

- (f) Any stormwater drainage connection from the commercial premises must be regularly maintained and kept free from blockages.

Commercial waste collection designated areas

Collection of waste materials is prohibited under clause 35 of the Local Law No.1 (Community Amenity), between the hours of 8pm and 7am Monday to Friday and 8pm to 9am on Saturday and Sunday:

- (a) Alfred Street, Balaclava
- (b) Queens Lane, Melbourne
- (c) Fawkner Street, St Kilda

Delegations

Please refer to sub-section 72 for list of delegations with respect to this clause.

59. Additional Requirements Applying Commercial Premises

In considering whether to take enforcement action in response to a complaint about commercial premises being used for short-term or other accommodation for commercial gain, an authorised officer must consider the following guidelines:

- a) The severity of the impact of the conduct complained of on the amenity of the surrounding properties, including history of complaints, number of complainants and the extent of the alleged impacts.
- b) The prospects of any enforcement action succeeding, including the: (i) Nature and reliability of the evidence available; and (ii) Level of engagement of the complainant in any enforcement action.
- c) The resources required to investigate and/or pursue enforcement action in respect of the conduct complained of.
- d) Any mitigating circumstances, including factors such as the steps taken by the owner/occupier of the property to minimise the amenity impacts.
- e) Whether there are other more suitable avenues to address the amenity impacts, including: (i) Whether action has been taken by an Owners Corporation under the Owners Corporations Act 2006 (OCA) in respect of the conduct complained of, or any similar conduct; and whether it was successful; and (ii) Other relevant legislation.
- f) Any other matter with the authorised officer considers to be relevant to the particular complaint.
