

13.1 **CULTURAL DEVELOPMENT FUND GRANT
RECOMMENDATIONS 2018-2019**

EXECUTIVE MEMBER: **CAROL JEFFS, GENERAL MANAGER, COMMUNITY & ECONOMIC DEVELOPMENT**

PREPARED BY: **SUSAN STRANO, COORDINATOR ARTS**

1. PURPOSE

- 1.1 To present a list of recommended Cultural Development Fund grant recipients for 2018-19 for Council's consideration and approval.

2. EXECUTIVE SUMMARY

- 2.1 The Cultural Development Fund (CDF) supports the Port Phillip community to produce creative projects that will contribute to the overall cultural life of the City.
- 2.2 This report presents Council with a list of recommended grants for 2018-19, prepared by the Cultural Development Fund Reference Committee.
- 2.3 A total of \$136,190 of City of Port Phillip funding will be provided to fifteen successful 2018-19 Cultural Development Fund assisted projects.
- 2.4 Forty three applications were received, requesting funding of \$387,929 from projects valued at a total of \$1,504,186. There were 22 first time applicants, 21 applications were from individual artists, 9 from individual artists representing collectives and 13 from registered organisations.
- 2.5 Fifteen projects with a total value of \$627,816 have been recommended. This represents an average of \$4.61 for every \$1 invested by Council.
- 2.6 Other funding sources for projects include Creative Victoria, Australia Council, philanthropic funds, crowdsourcing, fundraising events, private sponsorship and in-kind support from venues, businesses and artists.
- 2.7 Projects will be held across the municipality – St Kilda (8), Albert Park (2), Middle Park (1), East St Kilda (2), South Melbourne (5), Port Melbourne (1). Some projects will take place in more than one location.
- 2.8 The Committee noted an unmet need of the Fund by approximately \$87,000 being the amount that would have funded these successful projects to the extent requested and the highly commended (unsuccessful). Three of the highest rated projects (asking \$25,000 in total) could not be supported due to lack of funds.
- 2.9 Changes to legislation has meant that individuals could not apply without having an auspice organisation, increasing their costs of running their projects.
- 2.10 The Committee noted that the grant cap of \$10,000 has not risen since the fund began in 2003.

3. RECOMMENDATION

That Council:

- 3.1 Endorses the Cultural Development Fund Committee recommendations, for awarding the Cultural Development Fund grants for 2018-19;
- 3.2 Makes public the list for the Cultural Development Fund grants 2018-19 by publishing on Council's website after 30 June 2018.

4. KEY POINTS/ISSUES

- 4.1 The purpose of the Cultural Development Fund is to assist and encourage local artists and arts organisations to develop projects that are highly creative and innovative.
- 4.2 The Cultural Development Fund is a competitive funding round conducted on an annual basis each year.
- 4.3 The focus of the Cultural Development Fund is on arts and cultural projects with an emphasis on creativity, artistic intention and innovation. Council provides other funding sources for primarily community development or social outcomes.
- 4.4 Benefits of the Fund include:
 - Building the capacity of our local artists and organisations to develop and realise creative projects;
 - Creating more opportunities for our community members to be engaged in cultural projects directly as audience members and participants;
 - Enabling projects that are of a non-commercial nature to offer low cost and inclusive activities for a wide audience;
 - Contributing to the local economy through activity generated by the projects;
 - Applications for funding of cultural projects are required to be environmentally responsible. Applicants are increasingly aware of environmental concerns as a topic for both project process and content.
 - The guidelines and selection criteria support unique projects, as opposed to core programs or projects that are currently funded by another council program.
 - Projects will be once-off, but may be funded in stages (eg a creative development and a presentation (performance or exhibition) may be seen as separate projects submitted in different years)
- 4.5 Selection criteria includes:

- Projects must demonstrate creativity, artistic intention and innovation;
- Applicants must live or work in the City of Port Phillip;
- Funded activities must be based in the City of Port Phillip and demonstrate value to City of Port Phillip audiences, readers, viewers, users;
- Projects demonstrate participation in the arts and partnerships with other organisations;
- Projects explore the cultural heritage, identity and diversity of the city.

4.6 The process for application is as follows:

- A call for applications was advertised in the local newspaper, through cultural websites and on Council's website from 12 February 2018;
- Applicants could access the guidelines and application form through the website or by contacting staff;
- Eighteen people attended two information sessions held at the Emerald Hill Library and Heritage Centre and the Carlisle St Art Space, St Kilda Town Hall on 13 and 20 February 2018 respectively. The South Melbourne session was specifically designed to assist people from diverse cultural backgrounds or with a disability and connecting with Arts Access Victoria and Multicultural Arts Victoria networks;
- Three grant writing workshops were conducted through the Community Grants training program for community and arts grant-seekers. The workshops were attended by 67 people, including approximately 24% with an interest in applying to the Cultural Development Fund;
- Applications were made using the online grants management system, Smartygrants;
- Applications were assessed by the Cultural Development Fund Reference Committee according to the criteria at a meeting in May 2018.

4.7 The Cultural Development Fund Reference Committee was chaired by Cr Katherine Copsey and includes four community representatives: Sue Roff, Matthew Boland and Robyn Birrell. Recently retired committee member, Malcolm Blaylock, was co-opted in place of Nicola Klempfner who was unable to attend. Sue Roff and Matthew Boland will be retiring this year and Robyn Birrell will be leaving to take up a new post with Geelong Major Events. Council thanks them for their service to the Committee.

4.8 The Committee noted the following points:

- 4.8.1 There was an increase in first time applicants and a large number of individuals applying.
- 4.8.2 There was an increase in the number of visual arts and multidisciplinary projects.
- 4.8.3 There was a lack of strong applications from some artform areas, particularly dance and heritage and hoped this would be addressed next year.

- 4.8.4 Whilst the total amount of funding that could be sought has not risen since the fund started, costs have increased, especially to individuals who are required to have their project auspiced.
- 4.8.5 Approximately \$87,000 worth of funding requests from projects that more than adequately met the criteria could not be selected.
- 4.9 Recommendations made by the Reference Committee are reported to Council for consideration and approval.
- 4.10 The following projects illustrate the types of applications funded in the previous funding round (2017-18):

Natural Order. Ossicle Duo

This unique contemporary music creative development project devised by Ossicle Duo musicians, Benjamin Anderson and Hamish Upton, aimed to develop a new work in collaboration with highly regarded Melbourne composer, James Hullick. This new piece proposed to relate to organic structures, systems, and symmetries in the natural world. A performance of the new work in progress was held at Temperance Hall in South Melbourne, and was accompanied by performance of two other contemporary Australian works. The performance attracted young musicians and lovers of contemporary music. Ossicle Duo and James Hullick plan to continue the collaboration to refine the work for a full performance season.

Passages – Greeks in Port. Port Melbourne Historical and Preservation Society

The Port Melbourne Historical and Preservation Society presented an exhibition at Port Melbourne Town Hall defining the 1970s 'opening up' of Port Melbourne Council to the community, with special emphasis on the Greek community that at that time comprised nearly a quarter of the population. Four local Greek senior citizens groups were engaged with the project and up to three generations of local Greek families attended the launch. The exhibition included some significant objects that had been donated to the City of Port Phillip Heritage collection. The program included a public talk relating to this part of Port Melbourne's history.

Song For A Weary Throat. Rawcus Theatre

This new performance work created by Rawcus Theatre Company in a collaboration with the vocal ensemble, The Invenio Singers, premiered as part of Theatre Works Selected Works program in 2017. This strong work received several nominations for the 2017 Green Room Awards in the Independent Theatre category, and was successful in three awards including Best Ensemble.

Rawcus is unique ensemble of artists with and without disability that aims to reduce barriers to participation and provide career opportunities for artists with a disability through the development of new work, and artist mentoring and participation programs.
