1. **PURPOSE**

The purpose of this policy outlines the City of Port Phillip’s strong commitment to the care, safety and wellbeing of children and young people and provides procedures to manage their safety.

**Statement of commitment to child safety:**

The City of Port Phillip has zero tolerance for child abuse.

The City of Port Phillip is a committed Child Safe organisation. Our commitment is to ensure that a culture of child safety is embedded into our practices and processes.

Every child and young person accessing City of Port Phillip has the right to feel and be safe.

This City embraces diversity and inclusion. All children and young people, regardless of their gender, race, religious beliefs, age, disability, sexual orientation, family background or social background, have equal rights to protection from abuse.

We firmly commit to the cultural safety of Aboriginal and Torres Strait Islander children and young people and children and young people from culturally and/or linguistically diverse backgrounds, and to the provision of a safe environment for children and young people with a disability, as well as other vulnerable groups of children and young people.

All City of Port Phillip Councillors, employees, volunteers, contractors and community representatives have a responsibility to understand and activate their role in preventing, detecting, responding and reporting any suspicions of child abuse to the relevant authorities, and maintaining a child safe culture.

2. **OVERVIEW**

The following underpins our commitment to the safety of all children and young people who live in, study in or visit the City of Port Phillip.

- All children and young people deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- All people have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- Our policies and guidelines for the care, wellbeing and protection of children are based on honest, respectful and trusting relationships between adults and children.
- Our policies and practices demonstrate compliance with legislative requirements and cooperation with governments, the police and human services agencies.
- We work in partnership with children, families and the community to ensure that they are engaged in decision making processes, particularly those that have an impact on child safety and protection.
- All persons involved in situations where harm is suspected, disclosed or who make a notification will be treated with sensitivity, dignity and respect, and provided with support.

All staff, families, children and young peoples should feel free to raise concerns about child safety, knowing these will be taken seriously by the City of Port Phillip.
3. **DEFINITIONS**

For the purpose of this policy, ‘child /children or young person/ people’ includes any person up to the age of 18 who has contact with people working for or representing the City of Port Phillip.

The Child Safe Standards and this policy cover the following forms of child abuse of children under the age of 18:

**Sexual abuse** occurs when a person uses power or authority over a child to involve the child in sexual activity. Physical force is sometimes involved. Child sexual abuse involves a wide range of sexual activity. It includes fondling of the child’s genitals, masturbation, oral sex, vaginal or anal penetration by a penis, finger or other object, or exposure of the child to pornography.

**Grooming** describes the predatory conduct designed to facilitate later sexual activity with a child. Grooming can include communicating and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer. Grooming does not necessarily involve any sexual activity or even discussion of sexual activity. On-line grooming is also a criminal offense.

**Physical abuse** occurs when a child suffers harm from an injury inflicted by another person. The injury may be inflicted intentionally or may be the inadvertent consequence of physical punishment or physically aggressive treatment of a child. The injury may take the form of bruises, cuts, burns or fractures.

**Serious emotional and psychological abuse** occurs when another person repeatedly rejects the child or uses threats to frighten the child. This may involve name calling, put downs or continual coldness from other person, to the extent that it significantly damages the child's physical, social, intellectual or emotional development.

**Serious neglect** is the failure to provide the child with the basic necessities of life such as food, clothing, shelter, medical attention or supervision, to the extent that the child's health and development is, or is likely to be harmed.
