

Presentation of Reports – 8.1 CEO Report

Asked, relating to the cancelled installation of Solar panels on five buildings, due to poor building condition, which five buildings are effected?

(Cr Baxter)

Response

The five buildings affected are Port Melbourne Bowls Club, Elwood Sailing Club, North St Kilda Childcare, 147 Liardet St and Poets Grove Childcare Centre.

The installation of solar panels on Port Melbourne Bowls Club & Elwood Sailing Club has been cancelled due to poor building conditions.

The installation of solar panels on North St Kilda Childcare, 147 Liardet St and Poets Grove Childcare Centre will not progress in 2017/18. Delays to the design process means that construction will not be completed this financial year. We intend to progress these to construction in the 2018/19 financial year, subject to project funding and building permit approval.
